

oversupply conditions occurred in recent years for this variety, handlers within the industry were successful in developing fresh outlets. The variety received good consumer acceptance, primarily because of its unique size and sweetness.

Exempting the Black Corinth variety of grapes from the minimum bunch and berry size requirements for export shipments enables handlers to further expand their markets and increase fresh utilization. This improves the marketing of these varieties and increases returns to producers.

The interim final rule was issued on October 17, 1996, and published in the **Federal Register** (61 FR 54081, October 17, 1996), with an effective date of October 18, 1996. That rule amended § 35.11 Minimum requirements under regulations in effect under the Act. That rule provided a 30-day comment period which ended November 18, 1996. No comments were received.

After consideration of all relevant material presented, the information and recommendations submitted by the Board, and other information, finalizing the interim final rule, without change, as published in the **Federal Register** (61 FR 54081, October 17, 1996) is appropriate.

It is also found that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** (5 U.S.C. 553) because: (1) This action continues a relaxation of the requirements for export shipments of Black Corinth grapes; (2) the Board unanimously recommended this rule at a public meeting and all interested persons had an opportunity to provide input; (3) shipments of the Black Corinth variety of grapes have already begun; (4) handlers and producers of the Black Corinth variety of grapes are aware of this rule and they need no additional time to comply with the relaxed requirements; and (5) a 30-day comment period was provided for in the interim final rule and none were received.

For the reasons set forth in the preamble, 7 CFR part 35 is amended as follows:

### **NUCLEAR REGULATORY COMMISSION**

#### **10 CFR Parts 2 and 110**

**RIN 3150-AF72**

#### **Facsimile Telephone Number and Address Change for the NRC's Office of the Secretary**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Final rule.

**SUMMARY:** The Nuclear Regulatory Commission (NRC) is amending its regulations to change the name, address, and facsimile telephone numbers of the Docketing and Service Branch, Office of the Secretary. These amendments reflect the reorganization of the Office of the Secretary. These amendments are necessary to inform the public of these administrative changes to the NRC's regulations.

**EFFECTIVE DATE:** May 20, 1997.

#### **FOR FURTHER INFORMATION CONTACT:**

Emile L. Julian, Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-1966.

**SUPPLEMENTARY INFORMATION:** On April 21, 1997, the NRC changed the name of the Docketing and Service Branch, to the Rulemakings and Adjudications Staff. The facsimile telephone numbers for the Rulemakings and Adjudications Staff were changed from (301) 415-2275 and (301) 415-1672, to (301) 415-1101. The verification number has been changed from (301) 415-1977 to (301) 415-1966. Also, the e-mail address has been added. Current facsimile telephone numbers in use in the Office of the Secretary are still available.

Because this amendment deals with agency procedures, the notice and comment provisions of the Administrative Procedure Act do not apply pursuant to 5 U.S.C. 553(b)(A). Good cause exists to dispense with the usual 30-day delay in the effective date because the amendments are of a minor and administrative nature dealing with a change in address and telephone number.

#### **Environmental Impact: Categorical Exclusion**

The NRC has determined that this final rule is the type of action described in categorical exclusion 10 CFR 51.22(c)(2). Therefore neither an environmental impact statement nor an environmental assessment has been prepared for this final rule.

#### **Paperwork Reduction Act Statement**

This final rule does not contain a new or amended information collection requirement subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget, approval number 3150-0036.

#### **Public Protection Notification**

The NRC may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a currently valid OMB control number.

#### **Regulatory Analysis**

A regulatory analysis has not been prepared for this final rule because it is an administrative action that changes the address and telephone number of an NRC office.

#### **Backfit Analysis**

The NRC has determined that the backfit rule, 10 CFR 50.109, does not apply to this final rule because this rule does not involve any provisions that would impose a backfit as defined in § 50.109(a)(1). Therefore, a backfit analysis is not required for this rule.
