OkTex Pipeline Company; Notice of Petition of OkTex Pipeline Company for Waiver of or Exemption From Certain Order Nos. 587, 587–B and 587–C Requirements

June 9, 1997.

Take notice that on June 5, 1997, OkTex Pipeline Company (OkTex), filed a petition pursuant to Rule 207 of the Commission's Rules of Practice and Procedure for a waiver of or exemption from the requirements concerning compliance with the electronic bulletin board, Internet server model and Internet web browser model and the capability to perform Electronic Data Interchange (EDI) transactions in Order Nos. 587, 587–B and 587–C, all as more fully set forth in the petition of file with the Commission and open to public inspection.

ÖkTex states that the establishment of an electronic bulletin board and compliance with the Internet server model and web browser model and the ability to perform EDI transactions is not necessary on the OkTex system in order to achieve the Commission's goals. OkTex states that the incremental expense of compliance with the Internet server model and web browser model and the ability to perform EDI transactions is significant to OkTex, and the benefits to OkTex's customers are nonexistent given the nature of the OkTex system.

Any person desiring to be heard or to protest this petition should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. On May 20, 1997, the Commission issued an order in this docket in response to Sea Robin's March 28, 1997, filing to comply with Order No. 587. Tennessee Gas Pipeline Company; Notice of Tariff Filing

June 9, 1997.

Take notice that on June 4, 1997, Tennessee Gas Pipeline Company (Tennessee) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the revised tariff sheets listed in Appendix A to the filing. Tennessee requests an effective date of July 4, 1997 for the revised sheets.

Tennessee states that the purpose of the revised tariff sheets is to eliminate Demand Delivery Service (DDS) from its FERC Gas Tariff. Tennessee further state that good cause exists for elimination of DDS because no customers currently use the service; no new or existing customers could be eligible for the service; and it would be an administrative burden for Tennessee to maintain a service that no customer would or could utilize.

Tennessee states that copies of the filing have been mailed to all affected customers and state regulatory commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC. 20426, in accordance with 18 CFR 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and available for public inspection in the Public Reference Room.
