

DEPARTMENT OF JUSTICE**Immigration and Naturalization Service****Agency Information Collection
Activities: Proposed Collection;
Comment Request**

ACTION: Request OMB Emergency Approval; INSPASS Customer Satisfactory Survey.

The Department of Justice, Immigration and Naturalization Service has submitted the following information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. OMB approval has been requested by June 30, 1997.

The Information Technology Management Reform Act (Cohen-1996), the Government Performance and Results Act (GPRA-), and the OMB Circular A-11, Planning, Budgeting, and Acquisition of Fixed Assets, dated July 1996, require the Immigration and Naturalization Service to provide a mechanism for evaluating and improving the customer service of the Immigration and Naturalization Service Passenger Accelerated Service System (INSPASS) program. To accomplish this task, the INS has contracted the services of the Electronic Data Systems (EDS) staff, specializing in survey construction and data analysis. The end of the INSPASS current period of performance is August 30, 1997, and the next scheduled new sight deployment date for INSPASS is November 7, 1997. It is imperative that the information collection be printed and distributed by not later than July 18, 1997, to ensure the EDS staff has adequate time to collect and analyze data to improve current and planned programs prior to deployment of new INSPASS sight and prior to the expiration of contracted services. The timeliness is critical, particularly if any improvements are necessary to the electronics of the INSPASS program. If granted, the emergency approval is only valid for 180 days. A copy of this ICR, with applicable supporting documentation, may be obtained by calling the Immigration and Naturalization Service, Director, Policy Directives and Instructions Branch, Richard Sloan (202-616-7600).

DEPARTMENT OF LABOR**Bureau of Labor Statistics****Standard Industrial Classification (SIC)
Forms and Multiple Worksite Report
Collections; Comment Request**

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public of developments regarding the confidentiality statement appearing on Bureau of Labor Statistics (BLS) Annual Refiling Survey (ARS) form and Multiple Worksite Report (MWR), which are conducted under the BLS Covered Employment and Wages (ES-202) Program in cooperation with participating State agencies.

ADDRESSES: Send comments to Karin G. Kurz, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 3255, 2 Massachusetts Avenue, N.E., Washington, D.C. 20212. Ms. Kurz can be reached on 202-606-7628 (this is not a toll free number).

SUPPLEMENTARY INFORMATION:**I. Background**

Prior to the Fiscal Year 1997 ARS and Calendar Year 1997 MWR forms, three alternative confidentiality statements were used in the ARS and four were used in the MWR. Each State used the statement that reflected its laws and

confidentiality practices. In each of these statements, BLS made a commitment to survey respondents regarding State uses of the data.

BLS recently proposed to the participating State agencies that a single confidentiality statement be adopted that would accurately reflect the treatment of data gathered in these surveys and give the States full responsibility for determining their appropriate uses of the data. States overwhelmingly favored this new approach, and the confidentiality statement was revised for the 1997 forms.

Substantive changes to Federal information collections must be approved by the Office of Management and Budget (OMB) prior to implementation. Due to a BLS oversight, the States were instructed to use a revised confidentiality statement on the 1997 forms before the statement was submitted to OMB for clearance. Consequently the prior versions of the confidentiality statement, not the revised version which appeared for 1997, are the officially-approved statements.

Questions concerning this matter arose when BLS submitted the ARS clearance package for OMB approval, and a notice was published in the **Federal Register**. During that process, OMB received a public comment advising them that the confidentiality statement contained in the clearance package was already in use. OMB determined that the revised confidentiality statement is a substantive change which requires OMB clearance. BLS withdrew the ARS clearance package from OMB's docket to allow time for reconsideration of the new statement.

OMB has agreed that BLS and the States may continue 1997 ARS and MWR data collection using the correct forms without interruption.

However, because the revised confidentiality statement on the current forms is not approved by OMB, States are not required to use it. BLS is taking the following steps to bring the collections into full compliance with the Paperwork Reduction Act of 1995:

- BLS has prepared a new confidentiality statement to put forward in emergency OMB clearances of the ARS and MWR. This statement will be on the forms which will be printed this summer and mailed out between October 1997 and January 1999. This statement is very similar to one of the alternative statements used earlier with these programs, and is as follows:

The information collected on this form by the Bureau of Labor Statistics and the State agencies cooperating in its statistical programs will be used for statistical and Unemployment Insurance program purposes, and other purposes in accordance with law.

- Following-up on the emergency clearances, BLS will submit extension requests for three-year clearance of the ARS and MWR with the revised confidentiality statement. This process will include requests for public comment.

The confidentiality statements for the 1997 and 1998 forms conform to the following factors:

- BLS uses of the data are exclusively statistical.
- BLS may share the data with other Federal agencies for statistical purposes; however, as in the past, BLS will not share a State's confidential ES-202 data with another Federal agency unless that State has given BLS written permission to do so.
- BLS makes no confidentiality statement regarding State uses of the data.
- In some States, uses are not exclusively statistical.

Signed at Washington, D.C., this 20th day of June, 1997.

W. Stuart Rust, Jr.,

*Chief, Division of Management Systems,
Bureau of Labor Statistics.*
