Paiute Pipeline Company; Notice of Compliance Filing

July 7, 1997.

Take notice that on July 1, 1997, Paiute Pipeline Company (Paiute) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1-A, the following tariff sheets, to become effective August 1, 1997:

First Revised Sheet No. 56B
First Revised Sheet No. 58B
First Revised Sheet No. 63C
First Revised Sheet No. 98A
Second Revised Sheet No. 114

In the event that the Commission does not consider the above sheets to be appropriate compliance tariff sheets, Paiute also tendered for filing the following alternate tariff sheets, to become effective August 1, 1997:

Alternate First Revised Sheet No. 56B
Alternate First Revised Sheet No. 58B
Alternate First Revised Sheet No. 63C
Alternate First Revised Sheet No. 98A
Alternate Second Revised Sheet No. 114

Paiute indicates that the purpose of the instant filing is (1) to formally effectuate changes to the General Terms and Conditions of Paiute's tariff that are necessary to comply with Order No. 587-C, which changes were proposed by Paiute in a pro forma tariff sheet filing submitted on May 1, 1997 in

Docket No. RP97-136-002 and approved in a letter order issued June 10, 1997, and (2) to comply with the June 10 letter order which required certain revisions to Paiute's pro forma tariff sheets filed on May 1, 1997.

Paiute further indicates that as a result of a letter order issued May 7, 1997 in Docket No. RP97-136-001, certain revisions are required to the pro forma tariff sheets filed on May 1, 1997 that were not addressed in the June 10 letter order. Paiute asserts that the tendered primary tariff sheets reflect revisions that are in compliance with both the June 10 and the May 7 letter orders, while the tendered alternate tariff sheets reflect only revisions that are specifically directed in the June 10 letter order.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulator Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. Sea Robin Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

July 7, 1997.

Take notice that on July 1, 1997, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the original and revised Tariff sheets set forth on Appendix A to the filing, pursuant to Section 4 of the Natural Gas Act to become effective August 1, 1997.

Sea Robin states that the tariff sheets filed by Sea Robin set forth the terms and conditions under which Sea Robin proposes to implement a new, flexible firm service on its system. Such flexible firm service will be generally available to all eligible shippers under the new, proposed Rate Schedule FTS-2. The filing contains the new Rate Schedule FTS-2, the Service Agreement under Rate Schedule FTS-2, and the Reserve Commitment Agreement. Shippers eligible for service under Rate Schedule FTS-2 will commit their reserves to Sea Robin under a Reserve Commitment Agreement.

To be eligible for service under Rate Schedule FTS-2, Shippers must dedicate committed leases with at least 40 Bcf of proven, recoverable reserves to Sea Robin for transportation. Shippers with committed leases that are connected to Sea Robin's system as of August 1, 1997, will be eligible for this service even through the proven recoverable reserves from those committed leases are less than 40 Bcf.

Under the proposed Rate Schedule FTS-2, Sea Robin proposes to charge a volumetric rate equal to the 100% load factor derivative of this currently effective firm transportation rate. Such volumetric rates will be applied provided that shippers maintain a throughput level of 80% of MDQ on a three month rolling average. Shippers that do not meet the 80% throughput threshold will pay the currently effective firm reservation charge. Shippers will have the flexibility to
