

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 26, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 14, 1997).

A copy of the application and accompanying exhibits will be available during this time for public inspection at the following locations:

U.S. Department of Commerce, Export Assistance Center, 405 Capitol Street, Suite 650, Charleston, WV 25301.
Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: July 22, 1997.

John J. Da Ponte, Jr.,
Executive Secretary.

Foreign-Trade Zones Board

[Docket 62-97]

Proposed Foreign-Trade Zone—Charleston, West Virginia Area, Application for Subzone, Toyota Motor Manufacturing West Virginia, Inc. (Auto Engines), Buffalo, West Virginia

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the West Virginia Economic Development Authority (WVEDA) (a West Virginia public corporation), requesting special-purpose subzone status for the auto engine manufacturing plant of Toyota Motor Manufacturing West Virginia, Inc. (TMMWV), in Buffalo (Putnam County), West Virginia. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on July 22, 1997. WVEDA has an application pending with the FTZ Board for the establishment of a general-purpose foreign-trade zone in the Charleston, West Virginia, area. It is authorized to make such proposals under West Virginia Code § 31-15-6.

The new TMMWV plant (currently under construction) is located on a 229-acre site located on WV State Route 62 at WV Secondary Route 32/2 in Buffalo, West Virginia, some 20 miles northwest

of Charleston. The facility (600,000 sq. ft., 300 employees, as proposed) would be used to produce some 400,000 auto engines per year. Parts and materials that would initially be sourced from abroad include: valve components, engine blocks, cylinder heads, bushings, gauges, gaskets, insulators, camshaft bearings, bearing caps, piston pin rings, knock control and temperature sensors, and oil pressure switches (duty rate range: free-3.4%). The application indicates that the level of foreign parts used in production will decline to 35 percent (of finished engine value) in the future. The finished engines would be shipped primarily to the NUMMI (GM-Toyota) assembly in California and the Toyota assembly plant in Ontario, Canada.

FTZ procedures would exempt TMMWV from the payment of Customs duties on foreign merchandise that is exported. On its domestic sales, the company would be able to choose the duty rate that applies to finished engines (2.6%) instead of the duty rates that would otherwise apply to the foreign components noted above. TMMWV would also have the option to ship the engines for incorporation into autos at domestic auto assembly plants that operate under FTZ procedures, in which case the duty rate applicable to finished autos (2.5%) would apply. FTZ procedures would allow the deferral of duty payments on foreign capital equipment until fully installed and ready for production. FTZ status would also make the plant eligible for state/local exemptions on certain inventory taxes.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 26, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 14, 1997). A copy of the application and accompanying exhibits will be available during this time for public inspection at the following locations:

U.S. Department of Commerce, Export Assistance Center, 405 Capitol Street, Suite 650, Charleston, WV 25301.
Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce,

14th & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: July 22, 1997.

John J. Da Ponte, Jr.,
Executive Secretary.

International Trade Administration

[A-580-815 and A-580-816]

Certain Cold-Rolled and Corrosion-Resistant Carbon Steel Flat Products From Korea; Extension of Time Limits for Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Extension of time limits for antidumping duty administrative reviews of certain cold-rolled and corrosion-resistant carbon steel flat products from Korea.

SUMMARY: The Department of Commerce ("the Department") is extending the time limits for the preliminary results of the third antidumping duty administrative reviews of the antidumping orders on certain cold-rolled and corrosion-resistant carbon steel flat products from Korea. These reviews cover three manufacturers and exporters of the subject merchandise: Dongbu Steel Co., Ltd., Union Steel Manufacturing Co., Ltd., and Pohang Iron and Steel Co., Ltd. The period of review is August 1, 1995 through July 31, 1996.

EFFECTIVE DATE: July 28, 1997.

FOR FURTHER INFORMATION CONTACT: Alain Letort or John R. Kugelman, AD/CVD Enforcement Group III—Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone (202) 482-4243 or 482-0649, respectively.

SUPPLEMENTARY INFORMATION: The Department initiated these administrative reviews on September 16, 1996 (61 FR 48882). On February 25, 1997, we published a notice in the **Federal Register** (62 FR 8424) extending the deadline for the preliminary review results to August 1, 1997, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act"), as amended by the Uruguay Round Agreements Act of 1994. Because it is not practicable to complete these reviews within the

extended deadline, the Department is extending the time limits for the preliminary results of the aforementioned reviews to September 2, 1997. See memorandum from Joseph A. Spetrini to Robert S. LaRussa, which is on file in Room B-099 at the Department's headquarters.

This extension of time limits is in accordance with section 751(a)(3)(A) of the Act.

Dated: July 18, 1997.

Joseph A. Spetrini,

Deputy Assistant Secretary, AD/CVD Enforcement Group III.

Certain Welded Carbon Steel Standard Pipes and Tubes From India; Extension of Time Limit for Final Results of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit of new shippers review.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for final results in the new shippers review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India, covering the period May 1, 1995, through April 30, 1996. We are extending the time limit because we have determined that this review is extraordinarily complicated, as provided for in the Tariff Act of 1930, as amended (the Act).

EFFECTIVE DATE: July 28, 1997.

FOR FURTHER INFORMATION CONTACT: Davina Hashmi or Kristie Strecker, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On June 27, 1996, the Department initiated a new shippers review covering the period May 1, 1995, through April 30, 1996. We published the preliminary results on May 1, 1997 in the **Federal Register**. The final results are currently due to be issued on July 30, 1997.

Under section 751(a)(2)(B)(iv) of the Act, if the Department determines that a new shippers review is extraordinarily complicated, the Department may extend the deadline for issuing the final results of review up to 150 days after the date the preliminary determination was issued. In the instant case, the Department has determined this review is extraordinarily complicated due to numerous complex cost-accounting and level-of-trade issues and the fact that the review involves the analyses of two companies (see Memorandum from Richard W. Moreland to Robert S. LaRussa, Recommended Extension of Time Limit for Final Results, July 18, 1997). Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, the Department is extending the time limit for the final results to August 29, 1997.

Interested parties must submit applications for disclosure under administrative protective order in accordance with 19 CFR 353.34 (b). This extension is in accordance with section 751(a)(2)(B)(iv) of the Act.

Dated: July 21, 1997.

Richard W. Moreland,

Acting Deputy Assistant Secretary for Import Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a) (3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

DOCKET NUMBER: 97-034.

Applicant: University of Virginia, Department of Cell Biology, Health Science Center, Jordan Hall,

Charlottesville, VA 22908. **Instrument:** Ultrascope, Model MKII. **Manufacturer:** Optech International Ltd., New Zealand. **Intended Use:** The instrument will be used to teach the courses Gross and Developmental Anatomy, Pathology and Neuroscience to large classes of medical students and other personnel. **Application accepted by Commissioner of Customs:** June 25, 1997.

DOCKET NUMBER: 97-051.

Applicant: University of Notre Dame, 152A Fitzpatrick Hall, Notre Dame, IN 46556. **Instrument:** Mass Spectrometer, Model DELTA^{plus}. **Manufacturer:** Finnigan, Germany. **Intended Use:** The instrument will be used to perform ion ratio mass spectrometry for carbon, nitrogen and sulfur stable isotopes. In addition, the instrument will be used for educational purposes in geochemistry, anthropology and bioscience courses. **Application accepted by Commissioner of Customs:** June 25, 1997.

DOCKET NUMBER: 97-052.

Applicant: Albert Einstein College of Medicine, 1300 Morris Park Avenue, Bronx, NY 10461-1602. **Instrument:** Ion Source Kit for Mass Spectrometer, Model ES002. **Manufacturer:** The Protein Analysis Company, Denmark. **Intended Use:** The instrument will be used for studies of commercial biopolymeric samples and those isolated from biological sources in order to determine their molecular weights and structural characteristics. **Application accepted by Commissioner of Customs:** June 25, 1997.

DOCKET NUMBER: 97-053.

Applicant: Western Michigan University, 1201 Oliver Street, Kalamazoo, MI 49008-5167. **Instrument:** Electron Energy Analyzer. **Manufacturer:** Scienta Instrument AB, Sweden. **Intended Use:** The instrument will be used for the study of the structure of molecules and atoms in the gas phase to obtain ultra-high resolution measurement in the structure of subject gases. In addition, the instrument will be used in atomic and molecular courses to teach graduate and undergraduate students about advanced light source at Lawrence Berkeley National Laboratory. **Application accepted by Commissioner of Customs:** June 26, 1997.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.
