Industrial Phosphoric Acid From Belgium; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On June 6, 1997, the Department of Commerce (the Department) published the preliminary results of review of the antidumping duty order on industrial phosphoric acid (IPA) from Belgium (52 FR 31439; August 20, 1987). The review covers one manufacturer, Société Chimique Prayon-Rupel (Prayon), and exports of the subject merchandise to the United States during the period August 1, 1995, through July 31, 1996.

We gave interested parties an opportunity to comment on the preliminary results of review. Since we did not receive any comments, we have not changed our analysis for the final results from that presented in the preliminary results of review.

EFFECTIVE DATE: August 1, 1997.

FOR FURTHER INFORMATION CONTACT: David Genovese, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W.,

Washington, D.C. 20230, telephone: (202) 482-4697.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 353 (1997).

Background

On August 30, 1996, FMC Corporation and Albright & Wilson Americas, two domestic producers of IPA, requested an administrative review of the antidumping duty order on IPA from Belgium with regard to Prayon. The Department initiated the review on September 17, 1996 (61 FR 48882), covering the period August 1, 1995, through July 31, 1996. On June 6, 1997, the Department published the preliminary results of review (62 FR 31073). The Department has now completed this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Review

The products covered by this review include shipments of IPA from Belgium. This merchandise is currently classifiable under the Harmonized Tariff Schedule (HTS) item number 2809.20. The HTS item number is provided for convenience and U.S. Customs purposes. The written description remains dispositive.

Final Results of Review

We gave interested parties an opportunity to comment on the preliminary results. The Department received no comments. Accordingly, we have determined that a margin of 8.54 percent exists for Prayon for the period August 1, 1995, through July 31, 1996. The Department will issue appraisement instructions directly to the U.S. Customs Service.

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Prayon will be 8.54 percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous review or the original less-than-fair-

value (LTFV) investigation, the cash deposit rate will continue to be the rate published in the most recent final results or determination for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, earlier reviews, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review, earlier reviews, or the original investigation, whichever is the most recent; and (4) the "all others" rate, as established in the original investigation, will be 14.67 percent.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: July 25, 1997.

Jeffrey P. Bialos,

Acting Assistant Secretary for Import Administration.
