

not impose annual costs of \$100 million or more.

Today's rule contains no Federal mandates for State, local or tribal governments or the private sector for two reasons. First, today's action does not impose new or additional enforceable duties on any State, local or tribal governments or the private sector because the requirements of the Commonwealth of Puerto Rico's program are already imposed by the Commonwealth and subject to Commonwealth law. Second, the Act also generally excludes from the definition of a "Federal mandate" duties that arise from participation in a voluntary Federal program. The Commonwealth of Puerto Rico's participation in an authorized UST program is voluntary.

Even if today's rule did contain a Federal mandate, this rule will not result in annual expenditures of \$100 million or more for State, local, and/or tribal governments in the aggregate, or the private sector. Costs to Commonwealth, local and/or tribal governments already exist under the Commonwealth of Puerto Rico program, and today's action does not impose any additional obligations on regulated entities. In fact, USEPA's approval of the Commonwealth program generally may reduce, not increase, compliance costs for the private sector.

The requirements of Section 203 of UMRA also do not apply to today's action. Before USEPA establishes any regulatory requirements that may significantly or uniquely affect small governments, Section 203 of the UMRA requires USEPA to develop a small government agency plan. This rule contains no regulatory requirements that might significantly or uniquely affect small governments. The Agency recognizes that although small governments may own and/or operate USTs, they are already subject to the regulatory requirements under existing Commonwealth law which are being authorized by USEPA, and, thus, are not subject to any additional significant or unique requirements by virtue of this program approval.

The Bureau found that good cause existed to grant a two week extension of time up to and including August 11, 1997. This extension of time is granted in view of the complexity of the issues presented, and in order to facilitate the development of a complete record in this proceeding.

DATES: Reply comments are now due on or before August 11, 1997.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Cable Services Bureau's *Order*, CS Docket No. 97-98, DA 97-1583, adopted July 24, 1997 and released July 25, 1997, in the *Amendment of Rules and Policies Governing Pole Attachments*, 62 FR 18074 (April 14, 1997). The full text of this decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, NW,

Synopsis of the Order

1. On March 14, 1997, the Commission commenced a rulemaking proceeding to propose modifications to the Commission's rules relating to the maximum just and reasonable rates utilities may charge for attachments to a pole, duct, conduit or right-of-way. Comments were due June 27, 1997, and reply comments are due July 28, 1997.

2. On July, 21, 1997, Carolina Power & Light Company, Delmarva Power & Light Company, Atlantic City Electric Company, Entergy Services, Florida Power Corporation, Pacific Gas and Electric Power Company, Potomac Electric Power Company, Public Service Company of Colorado, Southern Company, Georgia Power, Alabama Power, Gulf Power, Mississippi Power, Savannah Electric, Tampa Electric Company and Virginia Power, including North Carolina Power (collectively, "Electric Utilities") filed a Motion for Extension of Time ("Motion") to file reply comments. The Electric Utilities request that the Commission grant a two week extension of time to file reply comments, up to and including August 11, 1997. The Electric Utilities contend that an extension of time is needed in light of the decision of the U.S. Court of Appeals for the Eighth Circuit in *Iowa Utilities Board v. F.C.C.*, No. 96-3321, et al., where the Court ruled on interconnection service issues. They contend that issues raised in the instant proceeding parallel issues decided in *Iowa Utility Board* and they argue that an extension of time will be productive in assessing that decision's impact on the instant rulemaking.

3. It is the policy of the Commission that extensions of time are not routinely granted. In view of the complexity of the issues presented, and in order to facilitate the development of a complete record in this proceeding, we find that good cause exists to grant an extension of time. Thus, reply comments will now be due by August 11, 1997.

Ordering Clauses

4. Accordingly, *it is ordered*, pursuant to §§0.321 and 1.46 of the Commission's rules, 47 CFR 0.321 and 1.46, that the Motion for Extension of Time filed by Carolina Power & Light

Company, Delmarva Power & Light Company, Atlantic City Electric Company, Entergy Services, Florida Power Corporation, Pacific Gas and Electric Power Company, Potomac Electric Power Company, Public Service Company of Colorado, Southern Company, Georgia Power, Alabama Power, Gulf Power, Mississippi Power, Savannah Electric, Tampa Electric Company and Virginia Power, including North Carolina Power is *granted*.

5. *It is further ordered* that all interested parties may file reply comments on the matters discussed in the Commission's Notice of Proposed Rulemaking by August 11, 1997.
