SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau will conduct the Annual Demographic Survey (ADS) in conjunction with the March 1998 Current Population Survey (CPS). The Census Bureau has conducted this supplement annually for over 50 years. The Census Bureau, the Bureau of Labor Statistics, and the Department of Health and Human Services sponsor this supplement.

In the ADS we collect information on work experience, personal income, noncash benefits, expanded race items and migration.

The work experience items in the ADS provide a unique measure of the dynamic nature of the labor force as viewed over a one-year period. These items produce statistics that show movements in and out of the labor force by measuring the number of periods of unemployment experienced by persons, the number of different employers worked for during the year, the principal reasons for unemployment, and part-/full-time attachment to the labor force. We can make indirect measurements of discouraged workers and others with a casual attachment to the labor market.

The income data from the ADS are used by social planners, economists, Government officials, and market researchers to gauge the economic well-being of the Nation as a whole, and selected population groups of interest. Government planners and researchers use these data to monitor and evaluate the effectiveness of various assistance programs. Market researchers use these data to identify and isolate potential customers. Social planners use these data to forecast economic conditions and to identify special groups that seem to be especially sensitive to economic fluctuations. Economists use March data to determine the effects of various economic forces, such as inflation,

recession, recovery, etc., and their differential effects on various population groups.

A prime statistic of interest is the classification of persons as being in poverty and how this measurement has changed over time for various groups. Researchers evaluate March income data not only to determine poverty levels, but also to determine whether Government programs are reaching eligible households.

The March 1998 supplement instrument will consist of the same items that were included in the March 1997 instrument, with the following changes:

A. We are removing the Item Q49a1 screener from the instrument. Based on the results of the March 1997 CPS, this item unexpectedly reduced the amount of "Other self-employment," and "Other farm" income.

B. We will remove references to "Aid to Families With Dependent Children" and "Aid to Dependent Children" from the instrument. This will be done due to the recent welfare reform changes in programs.

C. We are conducting research to develop a few questions that will address participation in new programs generated by welfare reform.

D. We are adding a question to the current migration series. This question will ask the reasons for moving.

II. Method of Collection

The ADS is conducted at the same time as the Basic CPS by personal visits and telephone interviews, using Computer-Assisted Personal Interviewing and Computer-Assisted Telephone Interviewing.

III. Data

OMB Number: 0607-0354.

Form Number: None. We conduct all interviewing on computers.

Type of Review: Regular.

Affected Public: Individuals or households.

Estimated Number of Respondents: 52,000 per month.

Estimated Time Per Response: 25 minutes.

Estimated Total Annual Burden Hours: 21,666.

Estimated Total Annual Cost: There are no costs to the respondents other than their time to answer the CPS questions.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Section 182; and Title 29, United States Code, Sections 1-9.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 7, 1997.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE**International Trade Administration****Determination Not to Revoke Antidumping Duty Orders and Findings Nor to Terminate Suspended Investigations**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Determination not to revoke antidumping duty orders and findings nor to terminate suspended investigations.

SUMMARY: The Department of Commerce is notifying the public of its determination not to revoke the antidumping duty orders and findings nor to terminate the suspended investigations listed below.

EFFECTIVE DATE: August 13, 1997.

FOR FURTHER INFORMATION CONTACT: Michael Panfeld or the analyst listed under Antidumping Proceeding at: Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230.

SUPPLEMENTARY INFORMATION: The Department of Commerce (the Department) may revoke an antidumping duty order or finding or terminate a suspended investigation, pursuant to 19 CFR § 353.25(d)(4)(iii), if no interested party has requested an administrative review for four consecutive annual anniversary months and no domestic interested party objects to the revocation or requests an administrative review.

We had not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months. Therefore, pursuant to § 353.25(d)(4)(i) of the Department's regulations, on April 7, 1997, May 9, 1997, and June 17, 1997, we published in the **Federal Register** a notice of intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations and served written notice of the intent to each domestic interested party on the Department's service list in each case. Within the specified time frame, we received objections from domestic interested parties to our intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations. Therefore, because domestic interested parties objected to our intent to revoke or terminate, we no longer intend to revoke these antidumping duty orders and findings or to terminate the suspended investigations.
