The Department will issue appraisal instructions directly to the Customs Service. Individual differences between United States price and NV may vary from the percentages stated above. Furthermore, the following deposit requirements will be effective upon publication of these final results of review for all shipments of ferrosilicon from Brazil entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act, and will remain in effect until publication of the final results of the next administrative review: (1) The cash deposit rates for the reviewed companies will be those rates listed above except for CBCC, which had a de minimis margin, and whose cash deposit rate is therefore zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or in the LTFV investigation conducted by the Department, the cash deposit rate will be 91.06 percent, the "all others" rate established in the LTFV investigation.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. Sec. 1675(a)(1)) and 19 CFR 353.22.

Pure Magnesium From Canada; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On May 5, 1997, the Department of Commerce (the Department) published the preliminary results of antidumping duty administrative review of the antidumping duty order on pure magnesium from Canada. The review covers one manufacturer/exporter, Norsk Hydro Canada Inc. (NHCI), of the subject merchandise to the United States for the period August 1, 1995 through July 31, 1996.

We gave interested parties an opportunity to comment on the preliminary results of review but received no comments. Therefore, these final results of review are the same as those presented in our preliminary results. The review indicates the existence of no dumping margins for NHCI during this period.

EFFECTIVE DATE: August 14, 1997.

FOR FURTHER INFORMATION CONTACT: Mark Ross or Richard Rimlinger, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Tariff Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act by the Uruguay Round Agreements Act.

Background

On August 31, 1992, the Department published in the **Federal Register** (57 FR 39399) the antidumping duty order on pure magnesium from Canada. On May 5, 1997, the Department published in the **Federal Register** the preliminary results of antidumping duty administrative review of this antidumping duty order (62 FR 24417). The Department has now completed the administrative review in accordance with section 751 of the Tariff Act.

Scope of the Review

The product covered by this review is pure magnesium. Pure unwrought magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Granular and secondary magnesium are excluded from the scope currently classifiable under subheading 8104.11.0000 of the Harmonized Tariff Schedule (HTS). The HTS item number is provided for convenience and for customs purposes. The written description remains dispositive.

The review covers one Canadian manufacturer/exporter, NHCI, and the period August 1, 1995 through July 31, 1996.

Final Results of Review

We gave interested parties an opportunity to comment on the preliminary results of review but received no comments. Therefore, these final results of review are the same as those presented in our preliminary results. We have determined that a margin of zero percent exists for NHCI for the period August 1, 1995 through July 31, 1996. The Department will issue appraisal instructions directly to the Customs Service upon completion of this review.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided for by section 751(a)(1) of the Tariff Act:

(1) The cash deposit rate for NHCI will be zero percent; (2) for manufacturers or exporters other than NHCI that were covered in the original less-than-fair-value investigation or a previous review, the cash deposit rate will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 21 percent, the "all others" rate established in Pure Magnesium From Canada; Amendment of Final Determination of Sales At Less Than Fair Value and Order in Accordance With Decision on Remand, 58 FR 62643, November 29, 1993.

This notice also serves as a final reminder to importers of their responsibility under 19 C.F.R. 353.26 (1997) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 C.F.R. 353.34(d) (1997). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 C.F.R. 353.22 (1997).

Dated: August 5, 1997.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Initiation of New Shipper Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce has received a request to conduct a new shipper administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China. In accordance with 19 CFR 353.22(h), we are initiating this administrative review.

EFFECTIVE DATE: August 14, 1997.

FOR FURTHER INFORMATION CONTACT: Jennifer Yeske or Zak Smith, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-0189 or 482-1279, respectively.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the "interim" regulations published in the **Federal Register**, May 11, 1995 (60 FR 25133).

SUPPLEMENTARY INFORMATION:

Background

On May 30, 1997, the Department of Commerce ("the Department") received a timely request from Changshan Bearing Factory ("Changshan"), in accordance with 19 CFR 353.22(h), for a new shipper review of the antidumping duty order on tapered roller bearings ("TRBs") from the People's Republic of China ("PRC") which has a June anniversary date. Changshan has certified that it did not export tapered roller bearings to the U.S. during the period of investigation (POI) and that it is not affiliated with any exporter or producer which did export tapered roller bearings during the POI. This certification is in accordance with section 751(a)(2)(B)) of the Tariff Act of 1930 as amended, and 19 CFR

353.22(h). In addition, Changshan has certified that it is not controlled by the government of the PRC. Therefore, we are initiating the new shipper review as requested. It is the Department's usual practice with non-market economies to require information regarding *de jure* and *de facto* government control over a company's export activities to establish its eligibility for an antidumping duty rate separate from the country-wide rate. Accordingly we will issue a separate rates questionnaire to Changshan and seek additional information from the PRC government (as appropriate), allowing 30 days for response. If the responses from Changshan and the PRC government indicate adequately that Changshan is not subject to either *de jure* or *de facto* government control with respect to its exports of tapered roller bearings, the review will proceed. If, on the other hand, Changshan does not demonstrate its eligibility for a separate rate, Changshan will be deemed to be affiliated with other companies that exported during the POI that did not establish their entitlement to a separate rate, and the review will be terminated.

Initiation of Review

In accordance with section 751(a)(2)(B)(ii) of the Act and 19 CFR 353.22(h)(6), we are initiating a new shipper review of the antidumping duty order on tapered roller bearings from the PRC. Changshan has agreed to waive the time limits of 19 CFR 353.22(h)(7), in order that the Department may conduct this review concurrent with the administrative review of this order for the period 6/1/96-5/31/97 as requested pursuant to section 751(a) of the Act. See, Antidumping Duties, Countervailing Duties; Final rule, 62 FR 27295, 27395 (5/19/97). Therefore, we intend to issue the final results of review not later than 365 days after the last day of the anniversary month. In accordance with our practice, all other provisions of section 353.22(h) will apply to Changshan throughout the duration of this new shipper review. See *Id.*

| Antidumping duty proceeding | Period to be reviewed |
|---|-----------------------|
| PRC: Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, A-570-601: Changshan Bearing Factory | 06/01/96-05/31/97 |

We will instruct the U.S. Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or
