BILLING CODE 3710-92-P

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

ACTION: Proposed collection; comment request.

SUMMARY: The Director, Information Resources Management Group, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 14, 1997.

ADDRESSES: Written comments and requests for copies of the proposed information collection requests should be addressed to Patrick J. Sherrill, Department of Education, 600 Independence Avenue, S.W., Room 5624, Regional Office Building 3, Washington, DC 20202-4651.

FOR FURTHER INFORMATION CONTACT: Patrick J. Sherrill (202) 708-8196.

Individuals who use a telecommunications device for the deaf

(TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Information Resources Management Group publishes this notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of

collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 11, 1997.

Gloria Parker,

Director, Information Resources Management Group.

Office of Educational Research and Improvement

Type of Review: Extension.

Title: Common Core of Data (CCD) Surveys.

Frequency: Annually.

Affected Public: State, local or Tribal Gov't, SEAs or LEAs.

Reporting Burden and Recordkeeping: Responses: 57.

Burden Hours: 9,635.

Abstract: The CCD Survey collects data annually from state education agencies about student enrollments, graduation, dropout; education staff; school and agency characteristics; and revenues and expenditures for public elementary and secondary education. The Department will use this information to provide an official listing of public elementary and secondary schools and education agencies in the United States; and provide basic information and descriptive statistics on public elementary and secondary schools and schooling, including school finance.

Office of Postsecondary Education

Title: Federal Direct Stafford/Ford Loan and Federal Direct Unsubsidized Stafford/Ford Loan Promissory Note and Disclosure.

Frequency: On occasion.

Affected Public: Individuals or households.

Annual Reporting and Recordkeeping Hour Burden:

Responses: 2,600,000.

Burden Hours: 433,160.

Abstract: This form is the means by which a Federal Direct Stafford/Ford and/or Federal Direct Unsubsidized Stafford/Ford Loan borrower promises to repay his or her loan.

Office of Postsecondary Education

Title: Federal Direct PLUS Loan Application and Promissory Note.

Frequency: On occasion.

Affected Public: Individuals or households.

Annual Reporting and Recordkeeping Hour Burden:

Responses: 210,000.

Burden Hours: 105,000.

Abstract: This form is the means by which a Federal Direct PLUS Loan borrower promises to repay his or her loan.

Office of Postsecondary Education

Title: Addendum to Federal Direct PLUS Loan Promissory Note Endorser.

Frequency: On occasion.

Affected Public: Individuals or households.

Annual Reporting and Recordkeeping Hour Burden:

Responses: 52,500.

Burden Hours: 26,250.

Abstract: This form is the means by which an endorser for a Federal Direct PLUS Loan borrower with an adverse credit history applies for and promises to repay the Federal Direct PLUS loan if the borrower does not pay it.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Technology Center; Notice of Intent to Issue a Program Research and Development Announcement (PRDA)

AGENCY: Department of Energy (DOE), Federal Energy Technology Center (FETC).

ACTION: Notice.

SUMMARY: Notice is hereby given of the intent to issue a PRDA No. DE-RA26-98FT35008 entitled "Global Climate Change—Novel Concepts for Management of Greenhouse Gases." The PRDA will solicit the submission of innovative, "pathbreaking" concepts to sequester and recycle greenhouse gases, and bring those concepts to a stage of technical development sufficient to prove validity on an engineering scale. Specifically, the objective of the procurement is the development of novel, less costly concepts to sequester and recycle greenhouse gases which include ways to reuse, or store greenhouse gases or their conversion products.

DATES: Requests for information concerning the solicitation should be submitted in writing at the address in the **FOR FURTHER INFORMATION CONTACT** section, by facsimile at 304/285-4683, or by E-mail to raymond.jarr@fetc.doe.gov. Telephone requests for the solicitation package will not be accepted.

ADDRESSES: Acquisition and Assistance Division, U.S. Department of Energy, Federal Energy Technology Center, P.O. Box 880, Morgantown, WV 26507-0880.

FOR FURTHER INFORMATION CONTACT: Raymond R. Jarr, Contracting Officer, U.S. Department of Energy, Federal Energy Technology Center, P.O. Box 880, Morgantown, WV 26507-0880; Telephone (304) 285-4088.

SUPPLEMENTARY INFORMATION: The concepts can include chemical or biological conversion methods, as well as, physical storage. The greenhouse gases of interest are CO₂, CH₄, and N₂O associated with the production and use of fossil fuels. Science-based, less costly concepts are sought which are broadly applicable and potentially able to reduce emissions well below those resulting from increased efficiency of fossil-fuel use. In addition, fundamental work prior to development of pathbreaking technologies is acceptable. Sequestration is a very broad term which encompasses a variety of ways to recycle or store the gas, or the carbon from the gases, in a form that will remain stable for centuries. Recycling refers to the ability to reuse carbon contained in fossil fuels or in the

atmosphere and thus, avoid the further combustion of fossil fuels.

Awards resulting from the solicitation will be divided into three Phases. Phase I involves a technical and preliminary economic assessment of proposed concept; Phase II involves laboratory- and bench-scale development of the proposed technology; and Phase III involves pilot or larger scale testing to bring the technology to an engineering scale. An industrial company will be required to perform at least 30 percent of the effort in Phase III. Offerors are encouraged to seek additional sources of funding for any or all phases. Multiple awards are expected for Phase I with a competitive down selection process occurring at the completion of Phases I and II.

The solicitation will be available upon written request to FETC or on the Internet at <http://www.fetc.doe.gov/business/solicita.html>. Those prospective offerors who obtain a copy of the solicitation through the Internet should check the location frequently for any solicitation amendments. Those prospective offerors who request in writing a copy of the solicitation will receive an electronic version of the solicitation on diskette in a WordPerfect 6.1 format. Solicitations will not be distributed in paper form. Requests for information concerning the solicitation should be submitted in writing at the address in the **FOR FURTHER INFORMATION CONTACT** section, by facsimile at 304/285-4683, or by E-mail to raymond.jarr@fetc.doe.gov. All requests should reference the PRDA solicitation number and title, and should include a point-of-contact at the requestor's location. Telephone requests for the solicitation package will not be accepted. The solicitation will be available on or about September 1, 1997. The exact date and time for the submission of proposals will be indicated in the solicitation. However, at least a sixty day response time is currently planned. It is DOE's desire to encourage the widest participation including the involvement of small business concerns, and small disadvantaged business concerns. As a consequence, Phase I of this procurement is a partial set-aside. Subsequent down selections at the end of Phases I and II will not include partial set-aside preferences. In accordance with FAR 52.232-18, "Availability of Funds," funds are not presently available for this procurement. The Government's obligation under this contract is contingent upon the
