

The proposed FY 1998 disposal quantity for each listed material is the maximum amount of material that may be sold in a particular fiscal year. Please note that these quantities are not sales targets. The quantity of each material that will actually be offered for sale will depend on the market for the material at the time of the offering. It will also depend on the maximum quantity of each material approved for disposal by the Congress.

The Committee requests that interested parties provide written comments, supporting data and documentation, and any other relevant information on the potential market impact of the sale of any commodity in the above lists. Although comments in response to this Notice must be received by September 26, 1997 to ensure full consideration by the Committee, interested parties are encouraged to submit additional comments and supporting information at any time thereafter to keep the Committee informed as to the market impact of the sale of the commodities. Public comment is an important element of the Committee's market impact review process.

Public comments received will be made available at the Department of Commerce for public inspection and copying. Material that is national security classified or business confidential will be exempted from public disclosure. Anyone submitting business confidential information should clearly identify the business confidential portion of the submission and also provide a non-confidential submission that can be placed in the public file. Communications from agencies of the United States Government will not be made available for public inspection.

The public record concerning this notice will be maintained in the Bureau of Export Administration's Records Inspection Facility, Room 4525, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone (202) 482-5653. The records in this facility may be inspected and copied in accordance with the regulations published in Part 4 of Title 15 of the Code of Federal Regulations (15 CFR 4.1 *et seq.*).

Information about the inspection and copying of records at the facility may be obtained from Ms. Margaret Cornejo, the Bureau of Export Administration's Freedom of Information Officer, at the above address and telephone number.

Foreign-Trade Zones Board

[Order No. 916]

Grant of Authority for Subzone Status; Minnesota Mining & Manufacturing Company; (Pharmaceutical Products) Los Angeles, California

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, by an Act of Congress approved June 18, 1934, an Act "To provide for the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Board of Harbor Commissioners of the City of Los Angeles, California, grantee of Foreign-Trade Zone 202, for authority to establish special-purpose subzone status at the pharmaceutical manufacturing plant of the Minnesota Mining & Manufacturing Company, in Los Angeles, California, was filed by the Board on May 15, 1996, and notice inviting public comment was given in the **Federal Register** (FTZ Docket 41-96, 61 FR 26157, 5-24-96); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, Therefore, the Board hereby grants authority for subzone status at the pharmaceutical manufacturing plant of the Minnesota Mining & Manufacturing Company, located in Los Angeles, California (Subzone 202A), at the location described in the application, and subject to the FTZ Act and the Board's regulations, including § 400.28.

Signed at Washington, DC, this 20th day of August 1997.

Robert S. LaRossa,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Foreign-Trade Zones Board

[Docket A(32b1)-3-97]

Foreign-Trade Zone No. 143—Sacramento, CA Area, Request for Manufacturing Authority (Computers and Related Electronic Products), Lincoln, California

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Zytec Services and Logistics (ZSL), an operator of FTZ 143, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR part 400), requesting authority on behalf of ZSL to manufacture and assemble computers and related electronic products and subassemblies within FTZ 143. It was formally filed on August 19, 1997.

ZSL operates a facility (800 employees) within FTZ 143 (Site 2 (6 acres, 2 bldgs.) at the Lincoln Airport Business Park) for the manufacture, assembly, distribution, repair and final systems integration of computers and related electronic products and components. Most of ZSL's manufacturing and assembly activity at this site involves contract work for computer and electronic product manufacturers, and includes contract service and repair activity. The manufacturing activity that ZSL proposes to conduct under FTZ procedures at the outset would primarily involve the manufacture/assembly of personal computers, monitors, printers and peripherals such as optical scanners and digital imaging cameras.

A number of components are purchased from abroad (an estimated 70% of total material value), including: Printed circuit boards, silicon wafers, rectifiers, integrated circuits, memory modules, CD-ROM drives, disk drives, scanners, hard drives, keyboards, monitors/displays (CRT and LCD type), LEDs, speakers, microphones, belts, valves, bearings, plastic materials, industrial chemicals, sensors, filters, resistors, transducers, fuses, plugs, relays, ink cartridges, toner cartridges, switches, fasteners, cards, transformers, DC/electric motors, magnets, modems, batteries, cabinets, power supplies,

cables, copper wire, power cords, optical fiber, casters, cases, labels, and packaging materials (1997 duty range: Free—9.2%). Some 30 percent of the finished products are exported.

Zone procedures would exempt ZSL from Customs duty payments on foreign components used in export production. On its domestic sales, ZSL would be able to choose the lower duty rate that applies to the finished products (free—6.6%) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 27, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to November 10, 1997).

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th & Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: August 20, 1997.

Foreign-Trade Zones Board

[Order No. 915]

Grant of Authority for Subzone Status; Fujitsu Ten Corp. of America; (Automotive Audio Products, Electronic Components) Rushville, Indiana

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, by an Act of Congress approved June 18, 1934, an Act "To provide for the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," as amended (19 U.S.C. 81a-81u) (the FTZ Act), the Foreign-Trade Zones Board (the Board) is authorized to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved;

Whereas, an application from the Indianapolis Airport Authority, grantee of Foreign-Trade Zone 72, for authority to establish special-purpose subzone status for the automotive audio products and electronic components manufacturing plant of Fujitsu Ten Corp. of America, in Rushville, Indiana, was filed by the Board on August 19, 1996, and notice inviting public comment was given in the **Federal Register** (FTZ Docket 64-96, 61 FR 45399, 8-29-96); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby grants authority for subzone status at the Fujitsu Ten Corp. of America plant in

Rushville, Indiana (Subzone 72M), at the location described in the application, subject to the FTZ Act and the Board's regulations, including \$400.28.

Porcelain-on-Steel Cooking Ware From the People's Republic of China: Initiation of Changed Circumstances Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation of changed circumstances Antidumping Duty Administrative Review.

SUMMARY: In response to a request from Clover Enamelware Enterprises Ltd. (Clover) and Lucky Enamelware Factory Ltd. (Lucky), the Department of Commerce (the Department) is initiating a changed circumstances administrative review of the antidumping duty order on porcelain-on-steel (POS) cooking ware from the People's Republic of China (PRC) to determine whether to revoke the order, in part, with respect to tea kettles. Clover and Lucky (Clover/Lucky) assert that the sole U.S. producer of POS cooking ware, General Housewares Corporation (GHC), affirmatively stated in its request for a changed circumstances review of the antidumping order on POS cooking ware from Taiwan that it no longer manufactures POS tea kettles and thus has no interest in the importation or sale of POS tea kettles. See Porcelain-on-Steel Cooking Ware from Taiwan: Final Results of Changed Circumstances Antidumping Administrative Review, and Revocation in Part of Antidumping Duty Order 62 FR 10024 (March 5, 1997) (Taiwan: Final Results of Changed Circumstances Review). According to Clover/Lucky, GHC's statements in the Taiwan case should be the basis for revoking, in part, the PRC order on POS cooking ware, with respect to tea kettles.

EFFECTIVE DATE: August 27, 1997.
