

not been explicitly accounted for in previous ICRs. The Agency estimates that the average total annual number of respondents will be 317,094 and the frequency of their response will depend upon the individual reporting and recordkeeping requirements.

Based on this analysis, the public reporting burden for UST facilities is estimated to average 1.8 hours per respondent per year. This estimate includes time for preparing and submitting notices, preparing and submitting demonstrations and applications, reporting releases, gathering information, and preparing and submitting reports. The recordkeeping burden for UST facilities is estimated to average 6.5 hours per respondent per year. This estimate includes time for gathering information, and developing and maintaining records.

For states applying for program approval, the public reporting burden is estimated to average 329.2 hours per respondent per year. This estimate includes time for preparing and submitting an application and associated information. The recordkeeping burden is estimated to be 31.0 hours per respondent per year. This estimate includes time for maintaining application files.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Armstrong Data Service, Inc.; Transfer of Data

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This is a notice to certain persons who have submitted information to EPA in connection with pesticide information requirements imposed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Federal Food, Drug, and Cosmetic Act (FFDCA). Armstrong Data Service, Inc. (ADS) and its subcontractor, Labat Anderson, have been awarded a contract to perform work for the EPA Office of Pesticide Programs and will be provided access to certain information submitted to EPA under FIFRA and FFDCA. Some of this information may have been claimed to be confidential business information (CBI) by submitters. Access to information will be made available to ADS and Labat Anderson in accordance with 40 CFR 2.307(h)(3) and 40 CFR 2.308(i)(2), and will enable ADS and Labat Anderson to fulfill the obligations of the contract.

DATES: ADS and Labat Anderson will be given access to this information no sooner than September 2, 1997.

FOR FURTHER INFORMATION CONTACT: By mail: BeWanda Alexander, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location, telephone number, and e-mail address: Rm. 700N, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5259, e-mail: alexander.bewanda@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Under Contract No. 68-W5-0024, ADS and Labat Anderson will perform records management support to the Office of Pesticide Programs (OPP) by assisting OPP's Records Officer to conduct a baseline assessment of OPP's records holdings and information collections. The assessments are to facilitate timely disposition of records according to approved records control schedules and to adequately document OPP's records holdings by conducting inventories to properly schedule records for disposition.

OPP has determined that access by ADS and Labat Anderson to information on pesticide data is necessary for the performance of the contract. Some of

this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(2), the contract with ADS and Labat Anderson prohibits use of the information for any purpose other than specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the FIFRA Information Security Manual. No information will be provided to this contractor until the above requirements have been fully satisfied. Records of information provided to this contractor and subcontractor will be maintained by the Project Officer for this contract in the EPA OPP. All information supplied to ADS and Labat Anderson by EPA for use in connection with this contract will be returned to EPA when ADS and Labat Anderson have completed their work.

Dated: August 7, 1997.
