Public Health System Reporting Requirements

This program is subject to the Public Health System Reporting Requirements (approved under OMB No. 0937-0195). Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to State and local health officials to keep them apprised of proposed health services grant applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt due date:

- (a) A copy of the face page of the application (SF 5161).
- (b) A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State and local health agencies.

The project abstract may be used in lieu of the one-page PHSIS, if the applicant is required to submit a PHSIS.

Executive Order 12372

The Title IV Program has been determined to be subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs by appropriate health planning agencies, as implemented by 45 CFR part 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application packages to be made available under this notice (Form PHS 5161-1 with revised face sheet HHS Form 424 and with Program Narrative and Checklist approved under OMB 0937-0189) will contain a listing of States which have chosen to set up such a review system and will provide a single point of contact (SPOC) in the States for review. Applicants (other than federally-recognized Indian tribal governments) should contact their State SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects

serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the application deadline for new and competing awards. The granting agency does not guarantee to "accommodate or explain" State process recommendations it receives after that date. (See part 148, Intergovernmental Review of PHS Programs under Executive Order 12372 and 45 CFR part 100 for a description of the review process and requirements.)

Advisory Council; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), announcement is made of the following National Advisory bodies scheduled to meet during the month of March, 1997.

Name: Advisory Commission on Childhood Vaccines (ACCV).

Date and Time: March 13, 1997; 9:00 a.m.—4:30 p.m.

Place: Parklawn Building, Conference Room E, 5600 Fishers Lane, Rockville, Maryland 20857.

The meeting is open to the public.

The first day of the meeting, Wednesday, March 12, will consist of a meeting of one of the Commission's workgroups.

Name: Workgroup on Intent, Provisions and Process.

Time: March 12, 1997; 10:00 a.m.—5:00 p.m.

Purpose: The Workgroup will address issues related to the operation process of the National Vaccine Injury Compensation Program.

Agenda: Agenda items will include, but not be limited to, discussion of the following issues: Status of recommendations from the September and December 1996 WIPP meetings; Program and policy issues related to the operation of the Vaccine Injury Compensation Program, including proposals to revise the wage loss calculation, to provide for an interim payment of attorneys fee and expenses, and to extend the statute of limitations; and a report on the Department of Justice's Process Improvement Initiatives.

The full Commission will meet on Thursday, March 13, from 9:00 a.m. to 4:30 p.m. Agenda items will include, but not be limited to: an overview of the Vaccine Injury Compensation Program; reports from the Workgroup on Intent, Provision, and Process and the Vaccine Safety Subcommittee; an update on the Proposed Vaccine Information

Statement for DTaP; and routine Program reports.

Public comment will be permitted before lunch and at the end of the Workgroup meeting on March 12, as well as the full Commission meeting on March 13. Oral presentations will be limited to 5 minutes per public speaker.

Persons interested in providing an oral presentation should submit a written request, along with a copy of their presentation to: Ms. Melissa Palmer, Principal Staff Liaison, Division of Vaccine Injury Compensation, Bureau of Health Professions, Health Resources and Services Administration, Room 8A-35, 5600 Fishers Lane, Rockville, MD 20857, Telephone (301) 443-6593. Requests should contain the name, address, telephone number, and any business or professional affiliation of the person desiring to make an oral presentation. Groups having similar interests are requested to combine their comments and present them through a single representative. The allocation of time may be adjusted to accommodate the level of expressed interest. The Division of Vaccine Injury Compensation Program will notify each presenter by mail or telephone of their assigned presentation time. Persons who do not file an advance request for presentation, but desire to make an oral statement, may sign-up in Conference Room E on March 12-13. These persons will be allocated time as time permits.

Anyone requiring information regarding the Commission should contact Ms. Palmer.

Agenda Items are subject to change as priorities dictate.

Dated: January 28, 1997.

J. Henry Montes,

Director, Office of Policy and Information Coordination, HRSA.

This Notice also lists the following information:

Title of Proposal: Neighborhood Underwriting Guidelines Questionnaire.

OMB Control Number: 2502-xxxx.

Description of the need for the information and proposed use:

This Notice describes the questionnaire to be used by Applicants for FHA's Neighborhood Underwriting process. The purpose of the questionnaire is to provide additional information to assist FHA in evaluating the effect of the other developments in the neighborhood upon the proposed project and will consider the potential effect of the proposed project upon existing or other proposed developments.

I. Background

Neighborhood Underwriting establishes as official HUD policy an important role for FHA in assuring that any use of mortgage insurance takes into consideration the health of the entire neighborhood. While playing an active

role of participation with local leaders in planning for new housing initiatives, coordinates a wide spectrum of existing resources (relating to both bricks and mortar and other neighborhood amenities), and identifies neighborhood needs for social, educational and economic development initiatives.

Neighborhood Underwriting will encourage FHA field staff to base underwriting decisions, in part, upon a proposal's effect upon the neighborhood and vice versa.

FHA wants to target its efforts (and make its mortgage insurance available) in those communities and neighborhoods which have in place a mechanism for area-wide comprehensive planning, decision making, and problem-solving. FHA feels that where these local processes are ongoing, there is greater likelihood for neighborhood stability, market attractiveness, and long-term financial viability of FHA-insured housing.

The process of Neighborhood Underwriting is expected to bring FHA much closer to local concerns, enhance the positive impact of FHA-insured developments on the neighborhood, and—at the same time—afford greater financial security to the FHA mortgage insurance fund. This process represents a natural and major step forward in FHA's integration of its programs with neighborhood needs, as well as a prudent step forward in protecting the long-term value of FHA's investments.

Neighborhood Underwriting is FHA's way of supporting and enhancing the Department's broader initiatives relative to placebased development and partnerships. Through Neighborhood Underwriting, the Department will encourage and foster coordination across cylinders within HUD. This focus is consistent with the Department's emphasis upon place-based program efforts.

Dated: January 28, 1997.

James E. Schoenberger,

Associate General Deputy Assistant Secretary for Housing-Federal Housing Commissioner.
