

local, or tribal governments in the aggregate; or to the private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

The EPA has determined that this action does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action approves preexisting requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

**VII. Submission to Congress and the General Accounting Office**

Under 5 U.S.C. 801(a)(1)(A) as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the General Accounting Office prior to publication of this rule in today's **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

**VIII. Petitions for Judicial Review**

Under section 307(b)(1) of the Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 9, 1997. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. See section 307(b)(2).

[FRL-5906-2]

**New Hampshire: Final Authorization of State Hazardous Waste Management Program Revisions; Correction**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Immediate final rule; correction.

**SUMMARY:** The Environmental Protection Agency published in the **Federal Register** of November 14, 1994 (59 FR 56397) the authorization of New Hampshire's Hazardous Waste Management Program Revision under the Resource Conservation and Recovery Act (RCRA). The document stated that the effective date was January 13, 1994. This was a typographical error. The correct effective date is January 13, 1995. This document corrects that error.

This document is also correcting typographical errors that were in the crosswalk listings of the federal requirements in the same immediate final rule.

**EFFECTIVE DATE:** The effective date for the immediate final rule published at 59 FR 56397 is January 13, 1995.

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 206

#### Disaster Assistance; Hazard Mitigation Grant Program

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Notice of waiver.

**SUMMARY:** This notice states FEMA's intent to streamline the Hazard Mitigation Grant Program (HMGP) process by allowing States to use a one-time effort to apply statewide eligibility criteria to the HMGP for all disasters declared before April 7, 1997.

**DATES:** October 10, 1997.

**FOR FURTHER INFORMATION CONTACT:** Robert F. Shea, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3619, (facsimile) (202) 646-3104.

**SUPPLEMENTARY INFORMATION:** In the past, Hazard Mitigation Grant Program (HMGP) funds were only available in counties designated as eligible by FEMA for Individual Assistance (IA) or Public Assistance (PA). Under the Stafford Act both IA and PA funds address damage or hardship resulting from the major disaster, but HMGP funds are intended to reduce the risk of future damage or hardship. As a result, FEMA has determined that the use of HMGP funds should not be limited only to counties

designated as eligible for IA or PA funds. In an effort to streamline the HMGP, FEMA will automatically designate all counties within the declared State as eligible to receive HMGP funds for all disasters declared on or after April 7, 1997.

In addition, FEMA has determined that States declared before this time should be permitted to take advantage of this policy. In order to ensure consistency in the availability of HMGP funds among all States with open disasters, FEMA is temporarily waiving its regulatory requirement at 44 CFR 206.40(d) that requires a State to request additional areas for designation within 30 days of the incident or declaration. Therefore, this notice makes public that States have until November 10, 1997, to submit to their FEMA Regional Office the open disasters for which they are requesting the designation of additional counties. For every disaster for which a State is amending the designated areas, States will have until February 9, 1998, or 18 months after the date of the disaster declaration, whichever is later, to submit HMGP project applications to the Regional Office.

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 76

[*CS* Docket No. 95-174; FCC 96-86]

#### Uniform Cable Price-Setting Methodology

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** The Commission's amendments to 47 CFR 76.922, which

contain information collection requirements, became effective on September 4, 1997. These amendments, which were published in the **Federal Register** on March 31, 1997, relate to implementation of the rate regulation provisions of the 1992 Cable Act.

**EFFECTIVE DATE:** The amendments to 47 CFR 76.922 published at 62 *FR* 15127 became effective on September 4, 1997.

**FOR FURTHER INFORMATION CONTACT:** Rob Fream, Cable Services Bureau, (202) 418-7200.

#### SUPPLEMENTARY INFORMATION:

1. On March 14, 1997, the Commission released a Report and Order, a summary of which was published in the **Federal Register**. See 62 *FR* 15121, March 31, 1997. The Report and Order establishes rules for an optional rate-setting methodology that would enable a cable operator to establish uniform rates for uniform cable service tiers offered in multiple franchise areas. Because the rules imposed new information collection requirements, the amendments to 47 CFR 76.922 could not become effective until approved by the Office of Management and Budget ("OMB"), and no sooner than April 30, 1997. OMB approved these rule changes on September 4, 1997.

2. The **Federal Register** summary stated that the Commission would publish a document announcing the effective date of the rule changes requiring OMB approval. The amendments to 47 CFR 76.922 became effective on September 4, 1997. This publication satisfies the statement that the Commission would publish a document announcing the effective date of the rule changes requiring OMB approval.
