SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before December 16, 1997.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington DC 20230.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Dan Viele, National Marine Fisheries Service, 501 W. Ocean Blvd., Long Beach, CA 90802, (562-980-4039).

SUPPLEMENTARY INFORMATION:

I. Abstract

The Treaty on Fisheries Between the Governments of Certain Pacific Island States and the Government of the United States of America, signed in Port Moresby, Papua New Guinea, in 1987,

and its annexes, schedules and implementing agreements, as amended (Treaty), authorizes U.S. tuna vessels to fish within fishing zones of a large region of the Pacific Ocean. The South Pacific Tuna Act (16 U.S.C. 973g and 973j) and U.S. implementing regulations (50 CFR 282.3 and 282.5) authorize the collection of information from participants in the Treaty fishery.

Vessel operators who wish to participate in the Treaty fishery must submit annual license and registration applications and periodic written reports of catch and unloading of fish from a licensed vessel. The information collected is submitted to the Forum Fisheries Agency (FFA) on forms supplied by the FFA through the U.S. government (National Marine Fisheries Service [NMFS]). License and registration application information is used by FFA to determine the operational capability and financial responsibility of a vessel operator interested in participating in the Treaty fishery. Information obtained from vessel catch and unloading reports is used by FFA to assess fishing effort and fishery resources in the region and to track the amount of fish caught within each Pacific island state's exclusive economic zone for fair disbursement of Treaty monies. If the information is not collected, the U.S. government will not meet its obligations under the Treaty, and the lack of fishing information will result in poor management of the fishery resource.

II. Method of Collection

The information is collected using the forms required under the Treaty.

III. Data

OMB Number: 0648-0218.

Form Number: N/A.

Type of Review: Regular Submission.

Affected Public: Businesses

(respondents are the operators of U.S. commercial tuna purse seine vessels participating in the Treaty fishery).

Estimated Number of Respondents:

Approximately 32 vessels are expected to participate in the fishery during each year the Treaty is in effect, however, the number may vary.

Estimated Time Per Response: The estimated response times for the reporting requirements are: .25 hours for a license application form; .25 hours for a registration application form; 1 hour for a catch report form; and .5 hours for an unloading log sheet.

Estimated Total Annual Burden

Hours: The estimated total annual burden has decreased from 337 hours to 248 hours due to a decrease in the number of respondents and responses.

Estimated Total Annual Cost to Public: \$576 for mailing costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 9, 1997.

Leight Estuary Center, Leight Park, 700 Otter Point Road, Abingdon, Maryland.

The States will issue notice of the public meeting(s) in a local newspaper(s) at least 45 days prior to the public meeting(s), and will issue other timely notices as appropriate.

Copies of the State's most recent performance reports, as well as OCRM's notifications and supplemental request letters to the States, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the public meeting. Please direct written comments to Vickie A.
