### Algonquin Gas Transmission Company; Notice of Request Under Blanket Authorization

October 16, 1997.

Take notice that on October 7, 1997, Algonquin Gas Transmission Company (Algonquin), 5400 Westheimer Court, Houston, Texas, 77056-5310, filed in the above docket, a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations, for authorization to construct a delivery point in Rochester, Plymouth County, Massachusetts, so that Algonquin may provide natural gas deliveries to Colonial Gas Company, (Colonial), a local distribution company and existing customer, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Specifically, Algonquin proposes to construct and install a 4-inch tap valve on Algonquin's G-8 Lateral at an existing 20-inch loop, at approximate mile Post 13.05 in Rochester, Plymouth County, Massachusetts. In addition to the facilities described above, Algonquin will install, or cause to be installed, a 4-inch turbine meter run and associated valving, approximately 100 feet of 4-inch pipeline which will extend from the Meter Station to the Tap and electronic gas measurement equipment.

Colonial will install or cause to be installed boilers, heat exchanger, 2-inch regulator runs, odorant injection equipment, and facilities to house and support Algonquin's meter and EGM equipment.

Algonquin states that the transportation service will be rendered within Colonial's existing maximum daily transportation quantities pursuant to Colonial's existing firm service agreements and Algonquin's FERC Gas Tariff, Fourth Revised Volume No. 1.

Colonial will reimburse Algonquin 100 percent of the costs and expenses that Algonquin will incur for installing the facilities. Such costs and expenses are estimated to be approximately \$182,350 excluding an allowance for federal income taxes. Algonquin states that the installation of the delivery point will have no effect on Algonquin's peak day or annual deliveries. Algonquin submits that its proposal will be accomplished without detriment or disadvantage to Algonquin's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request.
