

ACTION: Notice of a finding of no significant impact.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Plowed Terrace Demonstration Project, Cameron and Calcasieu Parishes, Louisiana.

FOR FURTHER INFORMATION CONTACT:

Donald W. Gohmert, State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302; telephone (318) 473-7751.

SUPPLEMENTARY INFORMATION: The environmental assessment of the federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Donald W. Gohmert, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

This is a demonstration project and will evaluate potential impacts attributed to plowed terraces and vegetative plantings to be installed in shallow open water areas. The project area includes approximately 3,250 acres of open water and fragmented marsh. Project features include the construction of approximately 54,000 linear feet of earthen terraces followed by the planting of vegetation on the side slopes of the terraces.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Donald W. Gohmert.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Donald W. Gohmert,
State Conservationist.

Privacy Act of 1974; System of Records

AGENCY: Department of Commerce.

ACTION: Notice of Amendment of Privacy Act System of Records; COMMERCE/DEPT System 2.

SUMMARY: The Department of Commerce gives notice of an amendment to the system of records under Commerce Department System 2. The amendments adds a routine use for disclosure of information in this system to other

agencies as needed for the purpose of effecting administrative offsets in cases where debts are owed by individuals or organizations to the U.S. Government. This action has been taken to comply with the Debt Collection Improvement Act of 1996.

FOR FURTHER INFORMATION CONTACT: Charles Yapple at 202-482-1207.

SUPPLEMENTARY INFORMATION: The Department of Commerce is amending Commerce Department System 2: Accounts Receivable to add that records may be disclosed to any other federal agency.

—Added under “Routine use:”

Disclosure of information in this system of records to any other Federal agency as necessary for the purpose of effecting administrative offset against the debtor to recoup a delinquent debt owed to the U.S. Government by the debtor.

This change is being made to implement the Debt Collection Improvement Act of 1996 (Pub. L. 104-134, sec. 31001, *et seq.*). This statute requires Federal agencies to minimize the costs of collection of debt owed to the agencies by consolidating debt collection functions and activities and utilizing interagency teams, and to reduce losses arising from debt management by requiring proper screening of potential borrowers, aggressive monitoring of all accounts, and sharing of information with and among agencies. The Department of Commerce intends to participate in an initiative sponsored by the U.S. Department of Treasury whereby the latter agency will serve as a central collection point for information from several Federal agencies concerning individuals who owe debts to the Government. This routine use permits disclosure of information from this system of records to the Department of Treasury, or any other agency that may conduct this activity.

Other editorial changes have also been incorporated to change an outdated reference to the National Bureau of Standards (NBS) to the

National Institute of Standards and Technology (NIST), to add a reference to records of the Technology Administration, and the Bureau of Export Administration (BXA), and to delete references to the United States Travel and Tourism Administration (USTTA), which has been abolished.

The system of records is hereby republished as follows:
