Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-7090.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Projects

1. National Hospital Ambulatory Medical Care Survey—(0920-0278)—Extension—The National Hospital Ambulatory Medical Care Survey (NHAMCS) has been conducted annually since 1992 by the Division of Health Care Statistics, National Center for Health Statistics, CDC. The NHAMCS is the principal source of data on the approximately 158 million visits to hospital emergency and outpatient departments and is the only source of nationally representative estimates on the demographic characteristics of outpatients, diagnoses, diagnostic services, medication therapy, and the patterns of use of care in hospitals which differ in size, location, and ownership. Additionally, the NHAMCS is the only source of national estimates on non-fatal causes of injury in the emergency department.
