FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collections Submitted to OMB for Review and Approval

February 20, 1997.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents,

including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before March 28, 1997. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Dorothy Conway, Federal Communications Commission, Room 234, 1919 M St., N.W., Washington, DC 20554 or via internet to dconway@fcc.gov and Timothy Fain, OMB Desk Officer, 10236 NEOB 725 17th Street, N.W., Washington, DC 20503 or fain_t@a1.eop.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 3060-0035.

Title: Application for Renewal of Auxiliary Broadcast License.

Form No.: FCC 313-R.

Type of Review: Revision of a previously approved collection.

Respondents: Businesses or others for profit.

Number of Respondents: 50.

Estimate Hour Per Response: 30 minutes per response.

Total Annual Burden: 25 hours.

Needs and Uses: FCC 313-R is used by licensees of remote pickup and low power stations that are not broadcast licensees (e.g., cable operators, network entities, international broadcast services, motion picture producers and television producers) to renew their auxiliary broadcast license. Statutory authority for this collection of information is contained in Section 307 of the Communications Act. It is also required by 47 CFR 73.3500 and 73.3539. The Commission intends to revise the application to include a place for the applicant to provide an Internet address and a Taxpayer Identification Number. The Internet address will provide the FCC with another media of contacting the applicant with questions about their application and the Taxpayer Identification Number is required to comply with the Debt Collection Improvement Act of 1996. The anti-drug statement has been added to the items the applicant certifies to when signing the application. The Certificate of Renewal at the bottom of the application has been removed because the Certificate of Renewal is

computer generated on laser printer and is no longer needed. The Commission has received OMB approval for electronic filing of the data collected on this form in connection with a generic renewal form for all Wireless Telecommunications Bureau Services, FCC form 900. The burden will be adjusted accordingly once this new form has been implemented and frequency of use has been determined.

As a result of Part 101 becoming effective August 1, 1996, Part 74 licensees (television auxiliary and aural studio link) are no longer required to use this form to renew their licenses. The number of respondents in this category was extremely low and since the estimate of number of respondents can vary in the remaining services, the number of respondents is not being revised. Additionally, the Commission adopted a Report and Order, MM Docket No. 96-90, extending the license terms of all broadcast licenses to 8 years, which will reduce the frequency of filing this information.

Federal Communications Commission.

William F. Caton,

Acting Secretary.
