**Notice of Availability for the Montana/Dakotas Standards for Rangeland Health and Guidelines for Livestock Grazing Management Supplement to the Draft Environmental Impact Statement**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** The Supplement to the Draft Environmental Impact Statement (EIS) includes additional information and documents the effects of adopting regional standards for rangeland health and guidelines for livestock grazing management on BLM-administered lands west of the Continental Divide, in Montana. The supplement discloses additional impacts not already covered in the Draft EIS from implementing the proposed alternatives on lands west of the Continental Divide. This action is

proposed in accordance with revised regulations for livestock grazing on BLM-administered lands (43 CFR 4100). The proposed standards and guidelines were developed in partnership with the Butte Resource Advisory Council (RAC), and with other public input. There will be a 60-day comment period on the Draft EIS Supplement. The comment period will begin the day the EPA Notice appears in the Federal Register.

**FOR FURTHER INFORMATION CONTACT:** Sandy Brooks, BLM Montana State Office, P.O. Box 36800, Billings, Montana 59107-6800, or 406-255-2929.

**SUPPLEMENTARY INFORMATION:** When the Montana/Dakotas Draft EIS for Standards for Rangeland Health and Guidelines for Livestock Grazing Management was issued, lands west of the Continental Divide were not included in the analysis because they are being considered as part of the Interior Columbia Basin Ecosystem Management Project (ICBEMP). However, the schedule to complete the ICBEMP has been extended, which would cause the Fallback Standards and Guidelines to automatically go into effect on August 12, 1997. By supplementing the Montana/Dakotas Draft EIS, these lands would be subject to the same consideration and analysis of alternatives as other lands in Montana/Dakotas. The record of decision signed on the Montana/Dakotas Standards and Guidelines Final EIS, will apply to lands west of the Continental Divide, in Montana. The ICBEMP decision will supersede the Montana/Dakotas Standards and Guidelines decision, for these lands, when the ICBEMP is complete. The supplement to the DEIS revises information and analysis in the Draft EIS to include BLM-administered lands west of the Continental Divide. There will be a 60-day comment period. Comments must be received by May 3, 1997. An open house will be held to exchange information with the public about the standards and guidelines supplement to the Draft EIS. The open house will be held on March 20, 1997, at the Garnet Resource Area Office, 3255 Fort Missoula Road, Missoula, Montana, from 4 p.m. to 7 p.m.

Dated: February 21, 1997.
