

that the action taken in *this Order and Policy Statement*, as distinguished from the broader proposals contained in the entire *NPRM*, will not have a significant economic impact on a substantial number of small entities. Other issues and proposals will be addressed in a Report and Order to be issued at a later date. This action simply allows religious broadcasters to establish religious affiliation or belief as a *bona fide* occupational qualification for all station positions, an action which will not have a significant economic impact. Religious broadcasters are still required to ensure equal employment opportunity in every aspect of station employment policy and practice for persons who share their faith. The Commission will publish this certification in the **Federal Register**, and will provide a copy of the certification to the Chief Counsel for Advocacy of the Small Business Administration. The Commission will also include the certification in the report to Congress pursuant to the RFA, see 5 U.S.C. 801.
