BILLING CODE 4120-01-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Information Collection Submitted to the Office of Management and Budget (OMB) for Approval Under the Paperwork Reduction Act

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The information collection requirements to evaluate visitor response to the recreation fee demonstration program in the U.S. Fish and Wildlife Service's National Wildlife Refuges has been submitted to OMB for approval under the provisions of the Paperwork Reduction Act of 1995.

DATES: Comments must be submitted on or before April 8, 1998.

ADDRESSES: Comments and suggestions on specific requirements should be sent directly to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Department of the Interior Desk Officer, 725-17th Street, NW., Washington, DC 20503; and a copy to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, [MS 222 ARLSQ], 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Stephens R. Vehrs, Refuge Specialist, Division of Refuges, 703/358-2397; or Phadrea Ponds, Wildlife Biologist, U.S. Geological Survey, Fort Collins, CO, 970/226-9445.

SUPPLEMENTARY INFORMATION: The Service submitted the following proposed information collection clearance requirement to OMB for review and approval under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are invited on (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden, including the validity of the methodology and assumptions used; (3) ways to enhance quality, utility, and clarity of the information to be collected; and, (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Congress authorized a recreation fee demonstration program in Public Law 104-134. The U.S. Fish and Wildlife Service was one of the four agencies mandated to implement the program and evaluate its impact on the visiting public. This study is designed to scientifically evaluate visitor reactions impact of the fees on visitation to the national wildlife refuges (NWR); it will be conducted by the U.S. Geological Survey, Biological Resources Division, Social Economic and Institutional Analysis Section in Fort Collins, Colorado under a cooperative agreement with the U.S. Fish and Wildlife Service.

To represent the various types of fee changes, as well as fee demonstration refuges, six distinct fee programs and ten refuges were selected for inclusion in the study. These include (1) new entrance fees (Sacramento NWR, CA and Aransas NWR, TX); (2) increased entrance fees (Dungeness NWR, WA); (3) new annual passes (Chincoteague NWR, VA and Crab Orchard NWR, IL); (4) new hunt fees (St. Catherine's Creek NWR, MS and Balcones NWR, TX); (5) non-hunt use permits (Buenos Aires NWR, AZ and Fort Niobrara NWR, NE), and (6) non-fee adjustments (Piedmont NWR, GA). Random samples of individuals using these refuges will be surveyed.

The Service plans to use as part of the evaluation process a survey questionnaire to assess the different fee

programs. An on-site questionnaire will be distributed during the peak season to a random sample of the visiting public. A minimum of 400 completed surveys will be obtained for each fee type. An additional 200 surveys will be obtained from Sacramento NWR to allow for generation of a statistic on credit card entrances. Overall, this will result in a total sample of 2,600 respondents. The margin of error for each fee type is $\pm 5\%$ at the 95% confidence level. The information gained from this survey will provide a scientific basis for evaluating the viability of the fee program among the visiting public. The lead project officer is Dr. Jonathan G. Taylor, Research Social Scientist, phone 970-226-9438, 4512 McMurry Avenue, Fort Collins, CO 80525-3400.

Title: Evaluation of visitor responses to recreation fee demonstration program.

Bureau form number: None.

Frequency of collection: Annual.

Description of respondents: Individuals and households.

Number of respondents: 2,600.

Estimated completion time: 10 minutes.

Burden estimate: 433 hours.

Paul R. Schmidt,

Acting Assistant Director for Refuges and Wildlife.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Meeting

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice of meeting.

SUMMARY: Announcement of the first public meeting of the Advisory Council to the Partnership of the Boston Harbor Islands National Recreation Area.

DATES: March 10, 1998, 4:00 pm-6:00 pm.

ADDRESSES: The Exchange Conference Center at the Boston Fish Pier, 212 Northern Avenue, Boston, MA.

FOR FURTHER INFORMATION CONTACT: Mr. George Price, Project Manager, Boston Harbor Islands National Recreation Area, at 617-223-8666. Written comments can be addressed to George Price, Project Manager, Boston Harbor

Islands National Recreation Area, 408 Atlantic Avenue., Suite 228, Boston, MA, 02110.

SUPPLEMENTARY INFORMATION: The twenty-eight member Advisory Council to the Partnership of the Boston Harbor Islands National Recreation Area will hold its first official meeting on Tuesday, March 10 from 4-6 p.m. the Exchange Conference Center at the Fish Pier in South Boston. The meeting is open to the public.

The Advisory Council members were appointed by the Director of the National Park Service and represent: business, educational, cultural, and environmental entities; municipalities surrounding the harbor; and Native American interests. The Advisory Council was formed to advise and make recommendations to the Boston Harbor Islands Partnership with respect to the development and implementation of the Integrated Management Plan and the operation of this new national park area. "This Advisory Council is unique in that it is intended to provide assistance to the Partnership for the long term, not simply during the planning period. In addition, two of the members of the Advisory Council will become voting members of the Partnership with two additional people selected as voting alternates," said George Price, Project Manager.

In 1996 Congress created the Boston Harbor Islands National Recreation Area to recognize the rich natural and cultural resources and history found on the 30 islands located in Boston Harbor. The legislation (Pub. L. 104-333) established a thirteen-member partnership to jointly manage the Islands. The 13-member Partnership represents city, state, federal and private agencies with responsibilities for the harbor islands. Peter Webber, Chair of the Partnership said, "we are very happy that the Advisory Council has now been officially appointed by the Director of the National Park Service. Much interest has been shown by many people to insure this was a representative group that cares deeply about the future of the Boston Harbor Islands. We look forward to a long and productive relationship with the members of the Advisory Council as we develop the plan and implement the programs for this new national park area."

Dated: March 2, 1998.

George E. Price, Jr.,

Project Manager, Boston Harbor Islands National Recreation Area.
