Foreign-Trade Zones Board

[Docket No. 12-98]

Foreign-Trade Zone 125—South Bend, Indiana; Application for Foreign-Trade Subzone Status: Bayer Corporation (Aspirin Products), Elkhart, Indiana

Application has been submitted to the Foreign-Trade Zones Board (the Board) by the St. Joseph County Airport Authority, grantee of FTZ 125, requesting special-purpose subzone status for the pharmaceutical manufacturing facility (aspirin products) of Bayer Corporation (Bayer), located in Elkhart, Indiana. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 4, 1998.

The Bayer facility (1 building/333,194 sq. ft.) is located at 1884 Miles Avenue in Elkhart (St. Joseph County), Indiana. The facility (400 employees) is used for the manufacture of over-the-counter cold medicines and antacid products containing aspirin. The primary material input is bulk aspirin—ortho-acetylsalicylic acid (HTSUS 2918.22.10), which the company currently purchases from a domestic source. Bayer is now planning to purchase bulk aspirin from abroad (up to some 450,000 kg./yr.).

Zone procedures would enable Bayer to choose the lower duty rate that applies to the finished products (duty-free) instead of the duty rate that would otherwise apply to foreign bulk aspirin (duty rate—8.7%). The application indicates that the savings from zone procedures would help improve the plant's competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 12, 1998. Rebuttal comments in response to material

submitted during the foregoing period may be submitted during the subsequent 15-day period to May 27, 1998. A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:
