The petitions were submitted pursuant to Section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by Trade Adjustment Assistance, Room 7315, Economic Development Administration, U.S. Department of Commerce, Washington, D.C. 20230, no later than the close of business of the tenth calendar day following the publication of this notice.

#### SUPPLEMENTARY INFORMATION:

## I. Abstract

The Office of Finance assists U.S. firms in identifying trade finance opportunities and promotes the competitiveness of U.S. financial services in international trade. The Office of Finance interacts with private financial institutions in insurance, banking, leasing, factoring, barter, and counter trade; U.S. financing agencies, such as the Export-Import Bank and the Overseas Private Investment Corporation; and multilateral development banks, such as the World Bank, Asian Development Bank, and others. To facilitate contact between exporters and financial institutions, the Office of Finance is developing an interactive INTERNET trade finance match-making program to link exporters seeking trade finance with banks and other financial institutions. The information collected from financial institutions regarding the trade finance products and services they offer will be compiled into a database. An exporter will be able to electronically submit a one page form identifying the potential export transaction and type of financing requested. This information will be electronically matched with the financial institution(s) that meet the requirements of the exporter. After a match has been made, a message will be electronically sent to both the exporter and the financial institution containing information about the match, and

contact information for either party to initiate communication. This program is designed to implement the Department of Commerce's goal of improving access to trade financing for small business exporters.
