[CA-067-5440-00]

Intent To Amend the California Desert Conservation Area; El Centro Resource Area, CDD, CA

AGENCY: Department of the Interior,
Bureau of Land Management.

ACTION: Notice of intent.

SUMMARY: Notice is hereby given that the Bureau of Land Management proposes to change the boundaries of the West Mesa Area of Environmental Concern and the East Mesa Area of Environmental Concern. The area includes public lands in the San Bernardino Meridian.

East Mesa ACEC is proposed to be expanded north to Highway 78; along old Coachella Canal, and, west one mile to the East Mesa Geothermal Fields; and then along the eastern edge of the geothermal field.

West Mesa ACEC is proposed to be expanded south to include Target 102 of the U.S. Navy, and east (outside the Superstition Open Area) to the edge of private lands; then north to the San Sebastian ACEC and west to the San Felipe Route Corridor; this would expand the western boundary of the ACEC an average of three miles.

FOR FURTHER INFORMATION CONTACT:
Field Manager, Bureau of Land
Management, 1661 South 4th Street, El
Centro, CA 92243 760-337-4400.
(Attn: Nancy Nicolai).

SUPPLEMENTARY INFORMATION: East Mesa ACEC was designated in 1980 by the CDCA Plan. West Mesa ACEC was designated in 1987 by the 1987 CDCA Plan Amendment.

In 1997 the Flat-tailed Horned Lizard Rangeland Strategy (Strategy) and Conservation Agreement was signed by BLM. The purpose of the Strategy is to conserve viable populations of flat-tailed horned lizard. The strategy outlines Management Areas building on protection supported by existing ACECs. The West Mesa and East Mesa Management Areas are larger than existing ACECs. The proposed amendment to the CDCA Plan will expand the ACEC boundaries to match the Management Area boundaries.

The proposed amendment to the CDCA Plan is being analyzed as part of the proposed action in an environment assessment. It is anticipated that the Draft EA will be printed and made available to the public for comment in April 1998.

Dated: March 23, 1998.

SUMMARY: The Secretary of the U.S. Department of the Interior (Secretary) is responsible for the collection of royalties from lessees who produce minerals from leased Indian lands. The Secretary is required by various laws to manage the production of mineral resources on Indian lands, to collect the royalties due, and to distribute the funds in accordance with those laws. The product valuation process is essential to assure that the public and/or the Indians receive payment on the full value of the minerals being removed.

In some circumstances, lessees are authorized to deduct certain costs in the calculation of royalties due. An allowance may be granted from royalties to compensate lessees for the reasonable actual cost of washing the royalty portion of coal. Also, when the sales point is not in the immediate vicinity of a lease or mine area, an allowance may be granted to compensate lessees for the reasonable actual cost of transporting the royalty portion of coal to a sales point not on the lease or mine area.

Before any deductions are taken, the lessee with an arm's-length contract must submit page one of the Coal Washing Allowance Report, Form MMS-4292, or the Coal Transportation Allowance Report, MMS-4293. The allowances will be based on reasonable actual costs reported by the lessees and are subject to later audit.

Lessees with a non-arm's-length contract must also submit Form MMS-4292 or Form MMS-4293. All applicable pages of the allowance application forms should be submitted. The allowances will be based on reasonable actual costs reported by the lessees and are subject to later audit.
