

parenthesis for each type of proposed respondent:

Dockside field interviews with 6,513 private boat fishermen from Alabama through Texas. Private boat fishermen are individuals who are fishing either from a boat that they own or rent (10.0 minutes).

Dockside field interviews with 1,331 charter boat fishermen from Alabama through Texas. This includes fishermen who "lease" an entire boat for, usually, either a 1/2 day or full day fishing trip. The charter boat is usually licensed to carry 6 or less people (10 minutes).

Dockside field interviews with 400 party boat fishermen from Alabama through Texas. Party boats usually take out more than six people for a fee and the group consists of individual fishermen buying a single spot on a boat not leasing the entire boat (10 minutes).

Dockside field interviews with 200 divers from Alabama through Texas. This includes both snorkelers as well as individuals wearing self contained breathing apparatus who may be spear fishing or swimming (10 minutes).

Telephone follow-up interviews with 3,255 private boat anglers (20.6 minutes), 920 charter boat anglers and 280 party boat anglers (12.3 minutes), and 200 divers (20.2 minutes).

Telephone survey of 200 charter boat operators from Alabama through Texas. Boat operators are the individuals captaining the vessel (6.2 minutes).

Telephone interviews with 50 party boat operators from Alabama through Texas (6.2 minutes).

Telephone interviews with 50 dive shop or diving guide service providers from Alabama through Texas (2.0 minutes).

Estimated Reporting and Recordkeeping Cost Burden: The PRA requires agencies to estimate the total annual cost burden to respondents as a direct result of this collection of information. This is a one time survey. There are no questions asked which would require review of such detailed records as capital or operating expenditures of businesses or individuals. There is no cost burden on the respondents associated with this collection of information.

Comments: The MMS will summarize written responses to this notice and address them in its submission for OMB approval. All comments will become a matter of public record. In calculating the burden, MMS has assumed that information requested from respondents will not require the reviewing of detailed records. Questions have been designed to elicit information which would reasonably be recalled by respondents or quickly estimated. The

MMS specifically solicits comments on the following questions:

(a) Is the proposed collection of information necessary for the proper performance of MMS's functions, and will it be useful?

(b) Are the estimates of the burden hours of the proposed collection reasonable?

(c) Do you have any suggestions that would enhance the quality, clarity, or usefulness of the information to be collected?

(d) Is there a way to minimize the information collection burden on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other forms of information technology?
