**Anchorage Regulations: San Diego Harbor, CA**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Final rule.

**SUMMARY:** The Coast Guard hereby establishes several special anchorages in San Diego Bay, California. A "special anchorage" is an area on the water where vessels less than 20 meters (approximately 65 feet) in length are allowed to anchor without displaying navigation lights which are otherwise required for anchored vessels under Rule 30 of the Inland Navigational Rules, codified at 33 U.S.C. 2030. The intended effect of these special anchorages is to reduce the risk of vessel collisions within San Diego Bay by specifying more special anchorage areas which will provide designated sites for vessels less than 20 meters in length.

**DATES:** This rule becomes effective May 6, 1998.

**FOR FURTHER INFORMATION CONTACT:** Lieutenant Mike Arguelles, Marine Safety Office, San Diego, (619) 683-6484, or Mike Van Houten, USCG, Pacific Aids to Navigation and Waterways Management Branch, Eleventh Coast Guard District, (510) 437-2984.

**SUPPLEMENTARY INFORMATION:**

**Regulatory History**

On November 25, 1997, the Coast Guard published a notice of proposed rulemaking (NPRM) for this regulation in the **Federal Register** [62 FR 62734]. The comment period ended January 26, 1998. The Coast Guard received no comments. A public hearing was not requested and no hearing was held.

**Background and Purpose**

A *special anchorage* is an area on the water in which vessels less than 20 meters (approximately 65 feet) in length are allowed to anchor without displaying navigation lights. Such lights are otherwise required for anchored vessels under Rule 30 of the Inland Navigational Rules, codified at 33 U.S.C. 2030. This rule establishes 7 new special anchorage areas, and modifies 4 special anchorage areas already in existence, in San Diego Harbor, San Diego, California.

**Discussion of Regulation**

The Coast Guard establishes 7 new special anchorage areas (A-1a, A-1b, A-1c, A-4, A-6, A-8, & A-9), and modifies the 4 special anchorage areas already in existence (A-1, A-2, A-3, & A-5), in San Diego Harbor, San Diego, California, as follows:

(A-1, A-1a, A-1b, A-1c) Shelter Island Moorings, North San Diego Bay, approximately 75 yards off shore and along Shelter Island (for A-1, minor corrections to some of the coordinates describing the corner points of the special anchorage area),

(A-2) America's Cup Harbor, North San Diego Bay, in the area known as Commercial Basin (minor corrections to some of the coordinates describing the corner points of the special anchorage area),

(A-3) Laurel Street Roadstead Moorings, North San Diego Bay, east of the Coast Guard Activities installation (minor corrections to some of the coordinates describing the corner points of the special anchorage area),

(A-4) Bay Bridge Roadstead Moorings, Central San Diego Bay, at the northwest end of the Coronado Bridge,

(A-5) Glorietta Bay Anchorage, Central San Diego Bay, across the bay from Naval Amphibious Base (minor corrections to some of the coordinates

describing the corner points of the special anchorage area),

(A-6) Fiddlers Cove, South San Diego Bay, just south of the Naval Amphibious Base,

(A-8) Sweetwater Anchorage, South San Diego Bay, west of 24th Street, Marine Terminal, and

(A-9) Cruiser Anchorage, North San Diego Bay, west of the Coast Guard Activities installation.

The primary users of these anchorages are recreational vessels, with the majority of them being long term users. Some of the anchorages are depicted on local charts, while all of them use buoys to delineate their boundaries. By establishing these areas as special anchorages, the requirement of displaying anchor lights and day shapes will be removed for vessels less than 20 meters in length.

**Discussion of Comments**

No comments were received.

**Regulatory Evaluation**

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order.

It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. This rule will impose no cost on vessel operators, it will have minimal impact on vessel traffic, and will provide more options to vessels desiring to anchor in San Diego Bay.

**Small Entities**

Under 5 U.S.C. 601 *et seq.*, known as the Regulatory Flexibility Act, the Coast Guard must consider whether this rule will have a significant economic impact on a substantial number of small entities. *Small Entities* include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under section 3 of the Small Business Act (15 U.S.C. 632). Since the impact of this rule is expected to be minimal, the Coast Guard certifies that 5 U.S.C. 605(b), that this rule will not have a significant economic impact on a substantial number of small entities.

**Collection of Information**

This rule imposes no collection of information requirements under the Paperwork Reduction Act.

**Federalism**

This rule has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rule making does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

**Environment**

This rule has been reviewed by the Coast Guard and determined to be categorically excluded from further environmental documentation in accordance with section 2.B.2 of Commandant Instruction M16475.1B. A Categorical Exclusion Determination and Environmental Analysis Checklist will be available for inspection and copying in the docket to be maintained at the local Coast Guard Marine Safety Office.
