#### 6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Pub. L. 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Applications submitted in response to all FY 1998 activities listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Office of Extramural Activities Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

#### Endangered and Threatened Wildlife and Plants: Extension of Comment Period for Availability of an Environmental Assessment/Habitat Conservation Plan and Receipt of Application for Incidental Take Permit for the City of Austin for the Operation and Maintenance of Barton Springs Pool and Adjacent Springs

**AGENCY:** Fish and Wildlife Service, Interior

**ACTION:** Notice: extension of comment period.

**SUMMARY:** The U.S. Fish and Wildlife Service (Service) provides notice that the public comment period is extended for a Section 10(a)(1)(B) permit. The City of Austin has applied to the Service for an incidental take permit pursuant to Section 10(a)(1)(B) of the Endangered Species Act (Act). The applicant has been assigned permit number PRT-839031. The requested permit, which is for a period of 15 years, would authorize incidental take of the endangered Barton Springs salamander (*Eurycea sosorum*). The proposed take would occur as a result of the operation and maintenance of Barton Springs Pool and adjacent springs in Austin, Travis County, Texas.

The City of Austin has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. Neither a determination of whether jeopardy to the species is likely to occur, nor a Finding of No Significant Impact (FONSI) will be made before April 30, 1998. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

**DATES:** Written comments on the application should be received on or before April 30, 1998.

**ADDRESSES:** Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCP

may obtain a copy by contacting Matthew Lechner, Austin Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512-490-0057). Documents will be available for public inspection by written request, by appointment only, during normal business hours (7:30 to 4:30) at the U.S. Fish and Wildlife Service, Austin Ecological Services Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512-490-0057). Written data or comments concerning the application and EA/HCP should be submitted to the Field Supervisor, Ecological Services Field Office, Austin, Texas (see address above). Please refer to permit number PRT-839031 when submitting comments.

**FOR FURTHER INFORMATION CONTACT:** Matthew Lechner at the above Austin Field Office.

**SUPPLEMENTARY INFORMATION:** Section 9 of the Act prohibits the "taking" of threatened and endangered species such as the Barton Springs salamander. However, the Service, under limited circumstances, may issue permits to take threatened or endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

**Applicant:** The City of Austin plans to operate Barton Springs pool and the adjacent springs in Austin, Travis County, Texas. This action may cause the incidental take of less than 20 salamanders per year for the 15-year term of the permit. The applicant proposed to minimize and mitigate for the incidental take of the Barton Springs salamander by placing 10 percent of the total revenues generated at Barton Springs Pool into a conservation fund. The fund would be used for enhancing habitat and for ecological and biological research on the included habitat conservation plan. In addition, mitigation measures are included in the Habitat Conservation Plan.
