Federal Energy Regulatory
Commission

[Docket No. RP98-56-003]

Tennessee Gas Pipeline Company;
Notice of Compliance Filing

April 21, 1998.

Take notice that on April 15, 1998, Tennessee Gas Pipeline Company (Tennessee), tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, Sixth Revised Tariff Sheet No. 405C, with an effective date of May 15, 1998, in order to comply with the Commission's Order on Rehearing, issued in the above-referenced docket, on April 1, 1998 (April 1 Order). Tennessee Gas Pipeline Company, 83 FERC ¶ 61,002 (1998).

In compliance with April 1 Order, Tennessee states that the revised tariff sheet provides for the use, in open seasons to award capacity, of the commodity rate bid to break ties between bids with equal net present values, regardless of whether the bids are for new capacity or for meter amendments.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

j. *Comment Date:* June 1, 1998.

k. *Description of Application:* PG&E proposes to delete non-jurisdictional transmission lines and their associated facilities from their licenses. Studies of PG&E's transmission system shows that the lines proposed for deletion carry energy from other electric generating sources and are no longer primary lines. Removing these lines from the project license will not result in any physical change to these transmission facilities or to their operation.

The Commission is presently processing applications for new licenses for four of the projects: Mokelumne (137-022), Rock Creek-Cresta (1962-026), Crane Valley (1354-021), and Haas-Kings River (1988-023). We request comments regarding primary/non-primary status of the subject transmission lines under section 3 (11) of the Federal Power Act and Subpart H, Section 4.30 of our regulations.

1. The notice also consists of the following standard paragraphs: B, C2, and D2.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C2. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS," "PROTEST" or "MOTION TO INTERVENE," as applicable, and the project number of the particular application to which the filing is in response. Any of these documents must be filed by providing the original and 8 copies to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Any motion to intervene must also be served upon each representative of the applicant specified in the particular notice.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.
