#### Notice of Determinations Regarding Eligibility to Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of December, 1997 and January, 1998.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

#### Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

TA-W-34,055; *TRW/Auto Electronics Group of North America, Switch Product Line and Profit Center, Auburn, NY*

The predominant cause of separations at the subject firm is the transfer of production of switch components abroad for assembly there. The subject firm is importing switches at a later stage of production, not the switch components produced at the subject plant.

TA-W-34,103; *Jostens, Inc., Recognition Div., Princeton, IL*

TA-W-33,900; *Whirlpool Corp., Evansville, IN*

Sunbeam made a decision to transfer production from the subject plant to another domestic facility.

*Various Locations in the Following States: A; AL, B; CA, C; CO, D; LA, E; MS, F; NM, G; OK, H; TX, I; UT, J; WY*

The investigation revealed that criteria (2) and criteria (3) have not been met. Sales or production did not decline during the relevant period as required for certification. Increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have not contributed importantly to the separations or threat thereof, and the absolute decline in sales or production.

TA-W-34,047; *John Wiley & Sons, Inc., Wiley Law Publications, Colorado Springs, CO*

A change in corporate ownership of this division resulted in a transfer to other domestic locations of the publishing of legal texts and caused the separations of workers at the subject facility.

The decline in employment at the subject firm is attributed to a shift in production to another location in St. Matthews, S.C. The Operation is being consolidated with two other affiliated facilities in which domestic company employment will increase.
