Also included are DON adjudicative actions for all U.S. Coast Guard (USCG) military personnel and those USCG civilian employees having access to sensitive compartmented information only. Individuals adjudicated as a result of interservice and interagency support agreements. 'Affiliated employees' include contractors, consultants, nonappropriated fund employees, USO personnel and Red-Cross volunteers and staff.

CATEGORIES OF RECORDS IN THE SYSTEM:

Navy Joint Adjudicative and Clearance System (NJACS), the automated portion of this system, contains records that include an individual's name, Social Security Number, date and place of birth, citizenship status and the unit identification code (UIC) of the individual's assignment. Other data elements track the individual's status in the clearance adjudication process and records the final determination. Data files may also include duty-assignment designations and sensitivity levels, as well as specific access such as cryptographic information access or participation in the Personnel Reliability Program.

The documentation system includes information pertaining to the investigation, inquiry, or its adjudication by clearance authority to include: (1) Chronology of the investigation, inquiry, and/or adjudication; (2) all recommendations regarding future status of subject; (3) decisions of security/loyalty review boards and Defense Office of Hearings and Appeals (DOHA); (4) final actions/determinations made regarding subject; and (5) security clearance, access

authorizations, or security determination; index tracings that contain aliases and names of subject as reflected in Defense Clearance and Investigations Index (DCII) under system notice V5-02; security termination; notification of denial, suspension, or revocation of clearance or access; classified nondisclosure agreements created from 1987 to early 1992 and managed by DON CAF; and other documentation related to the adjudication decision.

At local command security offices information includes tickler copies of requests for clearance and access; records of access, reports of disqualifying/derogatory information; records of clearance of individual personnel as well as accreditation of personnel for access to classified information requiring special access authorizations; nondisclosure agreements, associated briefings and debriefing statements; and other related records supporting the Personnel Security Program.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, Departmental Regulations; 5 U.S.C. 7311; 10 U.S.C. 5013; and E.O. 9397 (SSN); E.O. 10450, Security Requirements for Government Employees, in particular sections 2, 3, 4, 5, 6, 7, 8, 9, and 14; 12958, Classified National Security Information; 12968, Access to Classified Information; DoD Regulation 5200.2-R, Personnel Security Program Regulation; and OPNAV Instruction 5510.1H, Department of Navy Information and Personnel Security Program Regulation.

PURPOSE(S):

To provide a comprehensive system to manage information required to adjudicate and document the eligibility of DON military, civilian, and certain affiliated employees for access to classified information and assignment to sensitive positions. These records are also used to make determinations of suitability for promotion, employment, or assignments.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

To the White House to obtain approval of the President of the United States regarding certain military personnel officer actions as provided for in DoD Instruction 1320.4.

To the Immigration and Naturalization Service for use in alien admission and naturalization inquiries for purposes of determining access to National Security information.

The 'Blanket Routine Uses' that appear at the beginning of the Navy's compilation of systems notices apply to this system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Maintained on paper records in file folders, audio or audiovisual tapes, micro-imaging; CD-ROM; optical digital data disk; computers; magnetic tapes, disks, and drums; and computer output products.

RETRIEVABILITY:

By name, dossier number, Social Security Number, and date and place of birth.

SAFEGUARDS:

Buildings employ alarms, security guards, and/or rooms are security controlled areas accessible only to authorized persons. DON CAF primary system paper and microfilm records are maintained in General Service Administration approved security containers and/or are stored in security controlled areas accessible only to authorized persons. Locally generated paper security records and/or copies of investigative reports are stored in a vault, safe, or steel file cabinet having at least a lock bar and approved three-position, dial type combination padlock, or in similarly protected containers or area. Electronically and optically stored records are maintained in 'fail-safe' system software with password protected access. Records are accessible only to authorized persons with a need-to-know who are properly screened, cleared, and trained.

Files transferred to NCIS Records Management Division for storage are monitored and stored on open shelves and filing cabinets located in secure areas accessible to only authorized personnel.

RETENTION AND DISPOSAL:

Investigative/adjudicative records on non-DoD persons who are considered for affiliation with DoD are destroyed after 1 year if affiliation is not completed.

Investigative/DON CAF adjudicative records of a routine nature are retained in the active file until final adjudicative decision is made; then retired to NCIS Records Management Division and retained for 15 years after last action

reflected in the file, except that files that contain significant derogatory information and/or resulted in adverse action(s) against the individual are destroyed after 25 years. Administrative papers not included in the case file are destroyed 1 year after closure or when no longer needed, whichever is later. Records determined to be of historical value, of wide spread value or Congressional interest are permanent. They will be retained for 25 years after the date of last action reflected in the file and then permanently transferred to the National Archives. Classified nondisclosure agreements if maintained separately from the individual's official personnel folder will be destroyed when 70 years old. If maintained in the individual's personnel folder, the disposition for the official personnel file applies. Locally stored case file paper or automated access records are destroyed when employee/service member is separated or departs the command, except for access determinations not recorded in official personnel folders. They are destroyed 2 years after the person departs the command. However, once affiliation is terminated, acquiring and adding material to the file is prohibited unless affiliation is renewed. The automated NJACS maintains records on persons as long as they continue to be employed by or affiliated with the DON. NJACS computer data records are purged two years after an individual terminates DON employment or affiliation. General and flag officer data records are maintained until the individual's death. Destruction of records will be by shredding, burning, or pulping for paper records; burning for microform records and magnetic erasing for computerized records. Optical digital data and CD-ROM records are destroyed as required by NAVSO P-5239-26, 'Remanence Security Guidebook' of September 1993.
