Geological Survey

Request for Public Comments on Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

A request revising and extending the collection of information listed below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the Bureau's Clearance Officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days; therefore, public comments should be submitted to OMB within 30 days in order to assure their maximum consideration. Comments and suggestions on the requirement should be made directly to the Desk Officer for the Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington DC 20503 and to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192. As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the bureau, including whether the information will have practical utility;
2. The accuracy of the bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The utility, quality, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

Title: Portland and Masonry Cement.

Current OMB approval number: 1032-0038.

Abstract: Respondents supply the U.S. Geological Survey with data on cement production, shipments, and capacity, as well as consumption of raw materials. This information will be published as an annual report for use by Government agencies, industry, and the general public.

Bureau form number: 6-1214-A.

Frequency: Annual.

Description of respondents:

Commercial producers and importers of portland and masonry cement.

Annual Responses: 130.

Annual burden hours: 650.

Bureau clearance officer: John E.

Cordyack, Jr., 703-648-7313.

Kenneth W. Mlynarski,

Acting Chief Scientist, Minerals Information Team.

Bureau of Land Management

[NM-040-1310-03]

Notice That the Tulsa District is Forming a Federal Spacing Unit for a Fractional Section on the Border Between Texas and Oklahoma in Beaver County, OK

AGENCY: Bureau of Land Management, Interior.

ACTION: Public notice.

SUMMARY: Pursuant to Bureau of Land Management Regulations (43 CFR parts 3160 and 3162) in accordance with the authority delegated by the Secretary of the Interior, this notice advises the public that the Tulsa District is forming a federal spacing unit for a fractional section on the border between Texas and Oklahoma in Beaver County, Oklahoma. The correlative rights of this mineral tract were not protected when spacing was established for the production of crude oil from the Upper Morrow Group, and for the production of natural gas from the Lower Morrow Group.

The fractional section consists of 15.75 acres described as: All of Section 06, Township 1 South, Ranger 21 East, Cimarron Meridian, Beaver County, Oklahoma.

This fractional section is in a rural area between 1.2 and 2.3 miles west of where U.S. Highway 83 crosses into Oklahoma, four miles south of Gray, Oklahoma. This federal spacing unit will be for all formations, for both oil and gas, and with full allowables for any production with no restrictions based upon acreage. The property will be offered for lease through the New Mexico State Office, Bureau of Land Management later this year. There will be stipulations that the mineral tract is subject to drainage and that a protective well is required to be drilled within one year of the effective date of the lease.

DATES: Comments by interested parties regarding this decision will be accepted

by the District Manager at the address below for thirty days following publication of this notice.

ADDRESSES: Bureau of Land Management, District Manager, RE: Fractional Section/Federal Spacing Unit, 7906 East 33rd Street, Suite 101, Tulsa, OK 74145-1352.

Dated: January 26, 1998.

Jim Sims,

District Manager, Tulsa District Office.

Bureau of Land Management

[CO-956-98-1420-00]

Colorado: Filing of Plats of Survey

January 22, 1998.

The plats of survey of the following described land will be officially filed in the Colorado State Office, Bureau of Land Management, Lakewood, Colorado, effective 10:00 a.m., January 22, 1998. All inquiries should be sent to the Colorado State Office, Bureau of Land Management, 2850 Youngfield Street, Lakewood, Colorado 80215-7093.

The plat representing the dependent resurvey of a portion of the subdivisional lines, T. 51 N., R. 1 E., New Mexico Principal Meridian, Group 1179, Colorado, was accepted January 22, 1998.

The plat representing the dependent resurvey of a portion of the Third Standard Parallel South (south bdy.), a portion of the east boundary, and a portion of the subdivisional lines, T. 15 S., R. 85 W., Sixth Principal Meridian, Group 1179, Colorado, was accepted January 15, 1998.

The plat representing the dependent resurvey of a portion of the subdivisional lines, T. 50 N., R. 1 E., New Mexico Principal Meridian, Group 1179, Colorado, was accepted January 15, 1998.

These surveys were requested by the Colorado Department of Transportation for administrative purposes.

The plat representing the dependent resurvey of portions of the subdivisional lines, the subdivision of sections 18, 19, 20, 21, 27, 28, and 34, and the metes-and-bounds survey of Parcel A. section 20, T. 7 N., R. 84 W., Sixth Principal Meridian, Group 979, Colorado, was accepted December 2, 1997.

The plat representing the entire record of the corrective resurvey of the metes-and-bounds survey of Tracts 46 and 47, the correction of a portion of the

S. bdy. of Tract 48, and the supplemental plat creating Tracts 46 A and B from Tract 46, in protracted sections 10 and 11, in unsurveyed Township 2 S., R. 75 W., Sixth Principal Meridian, Group 1119, Colorado, was accepted November 4, 1997.

The plat representing the dependent resurvey of a portion of the line between sections 13 and 24, a portion of the subdivision of sec. 13, and a portion of the traverse of the high water line of Green Mountain Reservoir, and a metes-and-bounds survey between certain lots in section 13, T. 2 S., R. 80 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 15, 1997.

The plat (in 2 sheets) representing the dependent resurvey of portions of the subdivision of section 9, and Homestead Entry Survey Nos. 105 and 238, and the metes-and-bounds survey of Public Land Tract Nos. 41 and 42, Public Land Lot 23, and portions of certain Public Land Lots, T. 4 S., R. 78 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 27, 1997.

The plat representing the entire record of the dependent resurvey and a survey along the E. right-of-way of County Road 503, to divide former lot 24 into two lots (35 and 36), in section 6, T. 7 S., R. 77 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 29, 1997.

The plat representing the dependent resurvey of a portion of the First Standard Parallel South, a portion of the subdivisional lines, a portion of the subdivision of section 35, a portion of the Frisco Townsite boundary, portions of certain mineral claims in sections 34 and 35, and survey of irregular lot lines in section 35, T. 5 S., R. 78 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 29, 1997.

The plat representing the entire record of the dependent resurvey and survey to identify lots 45 and 46 in sec. 30, T. 6 S., R. 77 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 30, 1997.

The plat representing a dependent resurvey and metes-and-bounds survey in T. 3 S., R. 79 W., Sixth Principal Meridian, Group 1180, Colorado, was accepted October 30, 1997.

The plat representing the entire record of the dependent resurvey and survey to create an irregular lot in section 30, T. 7 S., R. 77 W., Sixth Principal Meridian, Group 1180, was accepted October 15, 1997.

These surveys were requested by the USDA Forest Service for management purposes.

The plat representing the dependent resurvey of a portion of the east boundary, a portion of the subdivisional lines, and the dependent resurvey of M.S. 114, Sunset Lode, and the subdivision of section 24, T. 22 S., R. 72 W., Sixth Principal Meridian, Group 1126, Colorado, was accepted December 1, 1997.

The plat representing the dependent resurvey of a portion of the subdivisional lines, and the dependent resurvey of certain mineral claims, and the subdivision of section 19, T. 22 S., R. 71 W., Sixth Principal Meridian, Group 1126, Colorado, was accepted December 1, 1997.

The plat representing the entire record of the segregation survey of certain claims in suspended T. 42 N., R. 7 W., New Mexico Principal Meridian, Group 1164, Colorado, was accepted December 3, 1997.

The plat representing the segregation survey of certain claims in suspended T. 42 N., R. 6 W., New Mexico Principal Meridian, Group 1164, Colorado, was accepted December 3, 1997.

The plat representing the mineral segregation survey necessary to define Tract 39 in suspended T. 42 N., R. 6 W., New Mexico Principal Meridian, Group 1164, Colorado, was accepted December 3, 1997.

The supplemental plat, creating new lot 100 in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of section 6, T. 1 N., R. 71 W., Sixth Principal Meridian, Colorado, was accepted December 8, 1997.

The supplemental plat, creating new lot 95 in the SE $\frac{1}{4}$ of section 19, T. 1 N., R. 71 W., Sixth Principal Meridian, Colorado, was accepted December 8, 1997.

The supplemental plat, creating new lots 117 and 118 from old lot 59 in the S $\frac{1}{2}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$ of section 7, T. 1 N., R. 72 W., Sixth Principal Meridian, Colorado, was accepted January 21, 1998.

The supplemental plat, correcting lot 88 in section 5, to lot 96, and lot 179 in section 8, to lot 187, T. 1 N., R. 71 W., Sixth Principal Meridian, Colorado, was accepted October 15, 1997.

The supplemental plat, correcting the lot numbers for section 18, T. 35 N., R. 9 W., New Mexico Principal Meridian, Colorado, was accepted November 13, 1997.

The supplemental plat correctly showing the lotting and aliquot parts of sections 1 and 12, T. 5 S., R. 78 W., Sixth Principal Meridian, Colorado, was accepted November 13, 1997.

These surveys were requested by BLM for administrative purposes.

Darryl A. Wilson,

Chief Cadastral Surveyor for Colorado.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

National Park Service

Submission of Study Package to Office of Management and Budget; Review Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service, Cumberland Island National Seashore in Georgia, Jean Lafitte National Historical Park and Preserve in Louisiana, and Chattahoochee River National Recreation Area in Georgia.

ACTION: Notice and request for comments.

ABSTRACT: The National Park Service (NPS) Visitor Services Project and three parks (Cumberland Island National Seashore in Georgia, Jean Lafitte National Historical Park and Preserve in Louisiana, and Chattahoochee River National Recreation Area in Georgia) propose to conduct visitor surveys to learn about visitor demographics and visitor opinions about services and facilities in these three parks. The results of these studies will be used by park managers to improve the services they provide to visitors while better protecting park natural and cultural resources. Study packages that include the proposed survey questionnaires for these three proposed park studies have been submitted to the Office of Management and Budget for review.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR part 1320, Reporting and Record Keeping Requirements, the NPS invites public comment on these three proposed information collection requests (ICR). Comments are invited on: (1) The need for the information including whether the information has practical utility; (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The purpose of the three proposed ICRs is to document the demographics of visitors to the three parks, to learn about the motivations and expectations these visitors have for their park visits, and to obtain their
