The training required for recertification eligibility also will be reduced. This will result in more frequent training with the average yearly training burden remaining relatively unchanged.

EPA finds that the amended Idaho Certification plan fully meets the requirements of the Federal Insecticide, Fungicide, and Rodenticide Act and the regulations at 40 CFR part 171. In addition, the requirements for certification of 1080 LPC applicators complies with the special use requirements contained in the 1080 registration standards. Therefore, EPA announces its intention to approve the amended Idaho certification plan.

Interested persons are invited to submit written comments on EPA's intention to approve the amended Idaho certification plan.

# II. Public Record and Electronic Submission

The official record for this action, as well as the public version, has been established for this action under docket control number "OPP-42008C" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The official record is located at U.S. Environmental Protection Agency, Region 10, 1200 Sixth Avenue, Eighth Floor, Seattle, WA.

Electronic comments can be sent directly to EPA at: welch.allan@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comment and data will also be accepted on disks in Wordperfect 5.1/6.1 or ASCII file format. All comments and data in electronic form must be identified by the docket control number "OPP–42008C." Electronic comments on this action may be filed online at many Federal Depository Libraries.

### Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

**AGENCY:** Environmental Protection Agency (EPA).

ACTION: Notice.

**SUMMARY:** In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA),

as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations.

**DATES:** Unless a request is withdrawn by August 10, 1998, orders will be issued cancelling all of these registrations.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Hollins, Office of Pesticide Programs (7502C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location for commercial courier, delivery, telephone number and e-mail: Rm. 216, Crystal Mall No. 2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305–5761; e-mail: hollins.james@epamail.epa.gov.

#### SUPPLEMENTARY INFORMATION:

#### I. Introduction

Section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, provides that a pesticide registrant may, at any time, request that any of its pesticide registrations be cancelled. The Act further provides that EPA must publish a notice of receipt of any such request in the **Federal Register** before acting on the request.

#### **II. Intent to Cancel**

This Notice announces receipt by the Agency of requests to cancel some 63 pesticide products registered under section 3 or 24(c) of FIFRA. These registrations are listed in sequence by registration number (or company number and 24(c) number) in the following Table 1.

# III. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before August 10, 1998. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

# IV. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in Federal Register (56 FR 29362) June 26, 1991; [FRL 3846-4]. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, productspecific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the

EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

# Notice of Proposed Settlement; ICG Iselin Railroad Yard Superfund Site

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Proposed Settlement.

**SUMMARY:** Under section 122(g) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the United States **Environmental Prospection Agency** (EPA) proposes to enter into a 'prospective purchaser agreement' (PPA) concerning the ICG Iselin Railroad Yard Superfund Site (Site) in Jackson, Tennessee. EPA proposes to enter into the PPA with the Tennessee Wildlife Resources Agency (TWRA), an agency of the State of Tennessee. The PPA concerns TWRA's purchase of certain real property lying adjacent to the Site.

The real property in question consists of approximately 355 acres, approximately 290 of which are former wetlands and bottomland hardwood forests which have been converted to farmland. This property is located between the Site and the Forked Deer River and lies almost entirely in the floodplain of that river. Pursuant to State authorities, TWRA desires to purchase the property, to restore the property to its original condition as wetlands and bottonland hardwood forests, and to manage the property in perpetuity solely for purposes of preservation, including any complimentary educational and recreational uses which are passive and noncommercial.

Pursuant to the PPA, TWRA will be protected from CERCLA liability which may result from TWRA's purchase of the property described above. This protection is contingent on TWRA's management of the property as described above.

EPA will consider public comments on the proposed settlement for thirty (30) days. EPA may withdraw from or modify the proposed settlement should such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper or inadequate.

Copies of the proposed settlement are available from: Ms. Paula V. Batchelor, Waste Management Division, U.S. EPA, Region 4, Atlanta Federal Center, 61 Forsyth Street, S.W., Atlanta, Georgia 30303–8909, 404–562–8887.

Written comments may be submitted to Ms. Batchelor within thirty (30) calendar days of the date of publication.

Dated: January 22, 1998.
