

field for extraction of groundwater in the Cadiz/Fenner area.

Three alternative Project configurations are being considered, along with the No Project alternative. The BLM will be asked to issue right-of-way permits for the construction of portions of the water conveyance facility and possibly other facilities which are proposed to traverse federal lands. All three alternative Project configurations involve lands currently managed by BLM.

SUPPLEMENTARY INFORMATION: The proposed project begins near the MWD Iron Mountain Pumping Plant in southeast San Bernardino County. The proposed 35-mile pipeline alignment is north to the Cadiz area. The proposed plan amendment is to allow the proposed pipeline be placed outside an utility corridor. The aquifer system ("Aquifer System") which underlies a portion of the Project area, located in the Cadiz and Fenner valleys ("Cadiz/Fenner area") of San Bernardino County, has been identified as a potential site for underground storage of Colorado River water. This water would be delivered to the Cadiz/Fenner area west of the Ship Mountains from the Colorado River Aqueduct ("CRA") and by way of an underground pipeline. The stored Colorado River water would be subsequently withdrawn when needed and returned to the CRA via the pipeline to meet Metropolitan's water supply needs. In addition, indigenous groundwater in the area of the stored water would also be transferred utilizing the same facilities. The Project would have a term of 50 years. Metropolitan supplies supplemental imported water from the State Water Project and the Colorado River to its member agencies in Riverside, San Diego, San Bernardino, Orange, Los Angeles and Ventura Counties.

DATES: Written comments are requested on this notice concerning the scope of analysis of the draft EIS/EIR. Comments must be received on or before March 31, 1999. It is important that those interested in the management of the BLM properties within the Project area provide input at this time. A Notice of Availability will be published when the Draft joint EIS/EIR is available for public review.

ADDRESSES: Please submit comments concerning the scope of the analysis for the Cadiz Water Storage and Dry-Year Supply Program Pipeline in writing to Mr. James Williams, Supervisor Realty Specialist, Bureau of Land Management, California Desert District, 6221 Box Springs Boulevard, Riverside, California, 92507, (909) 697-5390.

SUPPLEMENTARY INFORMATION:

Background

On August 25, 1987, the Department of Commerce issued an antidumping duty order on imports of aspirin from Turkey (52 FR 32030). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time.

Definitions

The following definitions apply to this review

(1) Subject Merchandise is the class or kind of merchandise that is within the

scope of the five-year review, as defined by the Department of Commerce.

(2) The Subject Country in this review is Turkey.

(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission defined the Domestic Like Product as bulk acetylsalicylic acid (aspirin).

(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the Domestic Industry as producers of bulk acetylsalicylic acid (aspirin).

(5) The Order Date is the date that the antidumping duty order under review became effective. In this review, the Order Date is August 25, 1987.

(6) An Importer is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the Review and Public Service List

Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and APO Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**.

Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be

maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification

Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written Submissions

Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such comments is May 13, 1999. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means.
