No comments were received by the Office of Justice Programs on this proposed revision of a currently approved collection.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until April 9, 1999. This process is conducted in accordance with 5 CFR 1320.10.

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have any practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Arrestee Drug Abuse Monitoring (ADAM, formerly Drug Use Forecasting) Program.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* No agency form number. Office of Research and Evaluation, National Institute of Justice, Office of Justice Programs.

(4) *Affected public who will be asked to respond, as well as a brief abstract:* Misdemeanor and felony arrestees in city and county jails and detainees in juvenile detention facilities. The ADAM program monitors the extent and types of drug use among arrestees. By the end of FY 1998 the program will operate in 35 cities. An additional 15 sites are proposed for 1999, to bring the total to 50 cities, and 25 additional cities in the year 2000, to bring to total number of data collection sites to 75. Data are collected in each site every three months from a new sample of arrestees. Participation is voluntary and confidential and data collected include a personal interview and urine specimen.

(5) *An estimate of total number of respondents and amount of time estimated for an average respondent to respond:* Following is the maximum number of responses expected for the main ADAM questionnaire in Fiscal Years 2000 and 20001. The estimate here is revised from the estimate provided in the previously published 60-day notice which did not apply the correct assumption for number of supplemental (or "addendum") surveys

to be fielded. The estimate assumes that 50 sites are in operation all quarters of FY 1999 and 75 sites are in operation all quarters of FY 2000. In FY 1999, 50000 adult male arrestees, 20000 adult female arrestees, 20000 juvenile male detainees, and 10000 juvenile female detainees will be interviewed (total = 100,000 at 30 minutes a response). In FY 2000, 75000 adult male arrestees, 30000 adult female arrestees, 30000 juvenile male detainees, and 15000 juvenile female detainees will be interviewed. (total = 150,000 at 30 minutes a response). Additionally, "addendum" questionnaires will be administered to the same respondents at some number of sites for some number of quarters over the year. The estimate provided here is the maximum number of responses that will be obtained: it is assumed that all sites will field one addendum questionnaire in 3 out of the 4 quarters of the year. In FY 1999, the maximum number of addendum questionnaires administered across all respondent types will be 75,000 at 10 minutes per response; and in FY 2000 the maximum number of addendum questionnaires administered will be 112,500 at 10 minutes a response.

(6) An estimate of the total public burden (in hours) associated with the collection: 62,500 hours in FY 1999 and 93,750 hours in FY 2000.

If you have additional comments, suggestions, or need a copy of the proposed information collection instrument with instructions, or additional information, please contact Dr. K. Jack Riley 202-616-9030, Director, Arrestee Drug Abuse Monitoring (ADAM) Program, National Institute of Justice, room 7344, 810 7th Street NW, Washington, DC, 20531. Jack Riley.

If additional information is required, contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW, Washington, DC 20530.
