FEDERAL TRADE COMMISSION

**Granting of Request for Early
Termination of the Waiting Period
Under the Premerger Notification
Rules**

Section 7A of the Clayton Act, 15 U.S.C. § 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section

7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

FEDERAL TRADE COMMISSION

[File No. 9623147]

American College for Advancement in Medicine; Reopening the Public Record to Extend the Period for Filing Public Comments on the Proposed Consent Agreement

AGENCY: Federal Trade Commission.

ACTION: Reopening the public record for filing comments.

SUMMARY: On December 16, 1998, the Federal Trade Commission ("the Commission") published a notice of a proposed consent agreement with the American College for Advancement in Medicine. The consent agreement in this matter settles alleged violations of federal law prohibiting unfair or deceptive acts or practices. The comment period expired on February 16, 1999. In light of significant interest

by the public, the Commission has reopened the public record in this matter and extended the comment period through March 31, 1999.

DATES: Comments must be received on or before March 31, 1999.

ADDRESSES: Comments should be directed to: FTC/Office of the Secretary, Room 159, 600 Pennsylvania Avenue NW, Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT:
Richard Cleland, FTC/S-4110, 601
Pennsylvania Avenue NW, Washington,
DC 20580. (202) 326-3088.

SUPPLEMENTARY INFORMATION: On December 16, 1999, the Commission published its proposed consent agreement with the American College for Advancement in Medicine ("ACAM") and invited the public to submit comments on the agreement during a sixty day comment period that ended on February 16, 1999. The agreement addressed alleged violations of Section 5 and 12 of the Federal Trade Commission Act in connection with ACAM-produced advertising and promotional materials that promoted the use of EDTA chelation therapy for the treatment of atherosclerosis. The Commission alleged in its accompanying complaint that some of the claims contained in ACAM's materials were false and misleading. The Commission received approximately seven hundred and fifty comments during the public comment period. In light of the significant public

interest demonstrated by the large volume of comments received, the Commission is reopening the public record for reception of comments to be filed on or before March 31, 1999.

By the direction of the Commission,
Commissioner Anthony dissenting.

Donald S. Clark,
Secretary.

Dissenting Statement of Commissioner Sheila F. Anthony; American College for Advancement of Medicine, F. 962-3147

This matter involves public health and safety, and the advertising at issue potentially poses grave risk to individuals who may rely on it. Therefore, I cannot agree to reopen and extend the public comment period through the end of March, 1999, on the matter *American College for the Advancement of Medicine*, File No. 962-3147. The sixty-day public comment period closed on February 16, 1999, after proper notice in the **Federal Register**, published by the Commission on December 16, 1998, and the Commission received over 600 comments within the prescribed period.

The consent agreement between the Commission and American College for the Advancement of Medicine ("ACAM"), a California corporation, settles alleged violations of federal law prohibiting unfair or deceptive acts or practices. ACAM has the burden of substantiating its advertising claims that
