## FEDERAL COMMUNICATIONS COMMISSION

[DA 99-641]

### Request for Waiver by Sacramento County, California, to Obtain a License to Obtain a License for a Frequency Allocated for Exclusive Paging Operations (929.0125 MHz)

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice; comments requested.

**SUMMARY:** This document seeks comment on a request by Sacramento County California, for waiver of the Commission's rules to permit it to use the frequency 929.0125 MHz for a local alert paging system that would support public safety services provided in Sacramento and Yolo Counties, California. Sacramento also seeks waiver of a licensing freeze that currently governs frequencies in the 929-930 MHz band allocated for exclusive paging operations.

**DATES:** Comments are due on or before April 12, 1999, and reply comments are due on or before April 19, 1999.<sup>1</sup>

**ADDRESSES:** Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, S.W., TW-325, Washington, D.C. 20554. SW, Washington, D.C. 20554. A copy of each filing should be sent to International Transcription Services, Inc. (ITS), 1231 20th Street, N.W., Washington, D.C. 20036, (202) 857-3800, and John Fernandez, Federal Communications Commission, Wireless Telecommunications Bureau, Public Safety and Private Wireless Division, Policy and Rules Branch, 445 Twelfth Street, S.W., Room 4-C400, Washington, D.C. 20554.

**FOR FURTHER INFORMATION CONTACT:** John Fernandez at the Public Safety and Private Wireless Division, Policy and Rules Branch (202) 418-0680.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's *Public Notice*, DA 99-641, released on April 1, 1999 (DA 99-641). The full text of the *Public Notice* is available for inspection and copying during normal business

hours in the Public Safety and Private Wireless Division of the Wireless Telecommunications Bureau, Federal Communications Commission, 445 Twelfth Street, S.W., Room 4-C207, Washington, D.C. 20554. The complete text of this *Public Notice* may also be purchased from the Commission's duplicating contractor, International Transcription Services, 1231 20th Street, NW, Washington, DC 20036, 202-857-3800. Alternative formats (computer diskette, large print, audio cassette and Braille) are available to persons with disabilities by contacting Martha Contee at (202) 418-0260, TTY (202) 418-2555, or at mcontee@fcc.gov.

1. On December 16, 1998, the County of Sacramento, California ("Sacramento County" or "the County") filed a Request for Waiver ("Waiver Request") of a licensing freeze that currently governs frequencies in the 929-930 MHz band allocated for exclusive paging operations. Sacramento County requests a waiver of the licensing freeze to permit it to use the frequency 929.0125 MHz for a local alert paging system that would support public safety services provided in Sacramento and Yolo Counties, California. The frequency is currently unassigned in the Sacramento, California, area, according to the County, except for co-channel licensee Stanford University Hospital. The County states that Stanford University Hospital concurs with the County's request to use the channel together on a shared basis.

2. The County filed the instant Waiver Request as part of its previously pending application (Application File No. D103979). The County now requests waiver of the licensing freeze and any other Commission rules necessary to grant its application, pursuant to Section 337(c) of the Communications Act of 1934, as amended, 47 U.S.C. 337(c). Section 337(c) states that the Commission shall grant an application by an entity seeking to provide public safety services to the extent necessary to permit the use of unassigned frequencies, if the Commission makes five specific findings: (1) no other spectrum allocated for public safety use is immediately available; (2) there will be no harmful interference to other spectrum users entitled to protection; (3) public safety use of the frequencies is consistent with other public safety spectrum allocations in the geographic area in question; (4) the unassigned frequencies were allocated for their present use not less than two years prior to the grant of the application at issue; and (5) the grant of the application is consistent with the public interest. "Public safety services" are defined by

47 U.S.C. 337(f)(1) as services, the sole or principal purpose of which is to protect the safety of life, health, or property, that are provided by state or local governmental entities or by non-governmental entities authorized by the governmental entity whose primary mission is the provision of such services, and that are not made commercially available to the public by the provider.

3. Sacramento County avers that the record developed in pending Application File No. D103979, together with the instant Waiver Request, demonstrates that the County has satisfied all of the statutory requirements for a grant pursuant to Section 337(c)(1).

4. Interested parties may file comments on the Waiver Request on or before April 12, 1999. Parties interested in submitting reply comments must do so on or before April 19, 1999. All comments should reference the subject Waiver Request by Sacramento County, California, DA 99-641, and should be filed with the Office of the Secretary, Federal Communications Commission, 445 Twelfth Street, S.W., TW-325, Washington, D.C. 20554. A copy of each filing should be sent to International Transcription Services, Inc. (ITS), 1231 20th Street, N.W., Washington, D.C. 20036, (202) 857-3800, and John Fernandez, Federal Communications Commission, Wireless Telecommunications Bureau, Public Safety and Private Wireless Division, Policy and Rules Branch, 445 Twelfth Street, S.W., Room 4-C400, Washington, D.C. 20554.

5. The full text of the Waiver Request, comments, and reply comments will be available for inspection and duplication during regular business hours in the Public Safety and Private Wireless Division of the Wireless Telecommunications Bureau, Federal Communications Commission, 445 Twelfth Street, S.W., Room 4-C207, Washington, D.C. 20554. Copies also may be obtained from ITS.

6. Unless otherwise provided, requests for waiver of the Commission's rules are subject to treatment by the Commission as restricted proceedings for *ex parte* purposes under section 1.1208 of the Commission's rules, 47 CFR 1.1208. Because of the policy implications and potential impact of this proceeding on persons not parties to the waiver request, we believe it would be in the public interest to treat this case as a permit-but-disclose proceeding under the *ex parte* rules. See sections 1.1200(a) and 1.1206 of the Commission's rules, 47 CFR 1.1200(a), 1.1206. Therefore, subsequent to the

release of this Public Notice, *ex parte* presentations that are made with respect to the issues involved in the subject Waiver Request will be allowed but must be disclosed in accordance with the requirements of section 1.1206(b) of the Commission's rules, 47 CFR 1206(b). Federal Communications Commission.
