General description of report: This information collection is mandatory (12 U.S.C. 321, 601, 602, 615, and 1844(c)) and is not given confidential treatment.

Abstract: Member banks, bank holding companies, and Edge and agreement corporations are required to notify the Federal Reserve System of the opening, closing, or relocation of an approved foreign branch. The notice requests information on the location and extent of service provided by the branch, and is filed within thirty days of the change in status. The Federal Reserve System needs the information requested on the FR 2058 form to fulfill supervisory responsibilities specified in Regulation K including the supervision of foreign branches of U.S. banking organizations.

Regulation K, "International Banking Operations," sets forth the conditions under which a foreign branch may be established. For their initial establishment of foreign branches, organizations must request prior Federal Reserve approval as directed in Attachment A of the FR K-1, "International Applications and Prior Notifications Under Subparts A and C of Regulation K" (OMB No. 7100-0107). For subsequent branch establishments into additional foreign countries, organizations must give the Federal Reserve System forty-five days prior written notice using Attachment B of FR K-1. Organizations use the FR 2058 notification to notify the Federal Reserve when any of these branches has been opened, closed, or relocated.

Abstract: The FR K-1 comprises a set of applications and notifications that govern the formation of Edge or agreement corporations and the international and foreign activities of U.S. banking organizations.
