

They knowingly or recklessly sign a false or misleading certification that causes a false claim to be submitted to a Federal health care program; or

They receive any financial benefit for signing the certification (including free or reduced rent, patient referrals, supplies, equipment, or free labor).

Even if they do not receive any financial or other benefit from providers

or suppliers, physicians may be liable for making false or misleading certifications.

What To Do If You Have Information About Fraud and Abuse Against Medicare or Medicaid Programs

If you have information about physicians, home health agencies, or medical equipment and supply

companies engaging in any of the activities described above, contact any of the regional offices of the Office of Investigations of the Office of Inspector General, U.S. Department of Health and Human Services, at the following locations:

Field offices	States served	Telephone
Boston	MA, VT, NH, ME, RI, CT	617-565-2664

National Institute of Child Health and Human Development; Meeting of the National Reading Panel

Notice is hereby given of the fifth Washington area meeting of the National Reading Panel. The meeting will be held on Thursday, January 21, 1999, from 12:30 to 6:00 PM at the Holiday Inn Georgetown, 2101 Wisconsin Avenue, NW, Washington, DC 20007. The entire meeting will be open to the public.

The National Reading Panel was requested by Congress and created by the Director of the National Institute of Child Health and Human Development in consultation with the Secretary of Education. The Panel will study the

effectiveness of various approaches to teaching children how to read and report on the best ways to apply these findings in classrooms and at home. Its members include prominent reading researchers, teachers, child development experts, leaders in elementary and higher education, and parents. The Chair of the Panel is Dr. Donald N. Langenberg, Chancellor of the University System of Maryland.

The Panel will build on the recently announced findings presented by the National Research Council's Committee on the Prevention of Reading Difficulties in Young Children. Based on a review of the literature, the Panel will: determine the readiness for application in the classroom of the results of these research studies; identify appropriate means to rapidly disseminate this information to facilitate effective reading instruction in the schools; and identify gaps in the knowledge base for reading instruction and the best ways to close these gaps.

The agenda for this meeting will include discussing the recommendations made by the science members of the National Reading Panel, who have been developing a proposed methodology to select and evaluate research studies. A period of time will be set aside at approximately 4:00 PM for members of the public to address the Panel and express their view regarding

the Panel's mission. Individuals desiring an opportunity to speak before the Panel should address their requests to F. William Dommel, Jr., J.D., Executive Director, National Reading Panel, c/o Ms. Amy Andryszak and either mail them to the Widmeyer-Baker Group, 1875 Connecticut Avenue, NW, Suite 800, Washington, DC 20009, or e-mail them to amya@twbg.com, or fax them to 202-667-0902. Requests for addressing the Panel should be received by January 15, 1999. Panel business permitting, each public speaker will be allowed five minutes to present his or her views. In the event of a large number of public speakers, the Panel Chair retains the option to further limit the presentation time allowed to each. Although the time permitted for oral presentations will be brief, the full text of all written comments submitted to the Panel will be made available to the Panel members for consideration.

For further information contact Ms. Amy Andryszak at 202-667-0901. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should contact Ms. Amy Andryszak by January 15, 1999.

Dated: December 23, 1998.

Duane Alexander,

Director, National Institute of Child Health and Human Development.
