BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Bureau of Land Management

[Docket No. 72-22]

Private Fuel Storage, L.L.C., Independent Spent Fuel Storage Installation, Skull Valley Indian Reservation, Tooele County, UT; Notice of Intent to Prepare Environmental Impact Statement and Notice of Public Scoping Meeting

Private Fuel Storage, L.L.C. (PFS or the applicant) proposes to construct and operate an independent spent fuel storage installation (ISFSI) at the Skull Valley Indian Reservation, which is bordered on all sides by Tooele County, Utah. The proposed Private Fuel Storage Facility (PFSF) would be constructed on an 820-acre site that would store spent nuclear fuel (SNF) received from commercial U.S. nuclear power plants. The applicant proposes constructing a rail line on land managed by the U.S. Bureau of Land Management (BLM) as the preferred route for transportation of SNF to its site. To construct and operate the facility, the applicant must obtain a license from the U.S. Nuclear Regulatory Commission (NRC), a right-of-way (ROW) for its proposed rail line over public lands from BLM, and approval from U.S. Bureau of Indian Affairs (BIA) for the proposed lease agreement between the Skull Valley Band of Goshute Indians and PFS.

On June 20, 1997, pursuant to 10 CFR Part 72, PFS submitted an application to NRC for a license to receive, possess, store, and transfer SNF at an ISFSI to be constructed and operated on the Reservation of the Skull Valley Band of Goshute Indians. A notice of

consideration of issuance of an NRC materials license for the proposed PFSF and notice of opportunity for hearing were published in the **Federal Register** on July 31, 1997 (62 FR 41099).

The applicant executed a lease agreement with the Skull Valley Band of Goshute Indians to permit construction and operation of its proposed facility on the Skull Valley Band Reservation. On May 23, 1997, BIA conditionally approved the lease agreement, contingent upon the completion of an Environmental Impact Statement (EIS), the inclusion of mitigation measures identified in the Record of Decision, and the issuance of an NRC license to construct, maintain, and operate the PFSF. The lease includes 820 acres of land where the PFSF is proposed to be located, a 202-acre utility and road ROW from the Skull Valley Road to the PFSF facility, and a buffer zone adjacent to the PFSF to the south and east of the facility including five sections of land, on the Skull Valley Indian Reservation.

By letter dated August 28, 1998, the applicant submitted an application for a ROW to BLM, to construct a rail line and related facilities for a distance of approximately 32 miles on the western side of Skull Valley, along the base of the Cedar Mountains from Skunk Ridge, Utah, to the PFSF site. The rail line would traverse land that is included within the BLM Pony Express Resource Management Plan (RMP) and would be utilized for the transportation of SNF to the proposed PFSF site. The current Pony Express RMP does not allow for major ROWs such as a rail line in this area, and the PFSF proposal would, therefore, require an amendment to the RMP prior to granting on the requested ROW. BLM will publish in the **Federal Register** a notice of intent to prepare an RMP amendment. By a separate letter dated August 28, 1998, PFS also submitted a revision to its application for an NRC license to reflect its proposal to construct and utilize a rail line over public lands managed by BLM for the transportation of SNF to its site.

The National Environmental Policy Act of 1969 requires all Federal agencies to consider the environmental impacts of their actions. Because NRC, BIA, and BLM required actions for the construction and operation of the PFSF are related, the Agencies have agreed to cooperate in the preparation of an EIS for these actions. In preparing the EIS, NRC will serve as the lead agency and BLM and BIA will serve as cooperating agencies. The NRC published a notice of intent to prepare an EIS and conduct a scoping process in the **Federal Register** on May 1, 1998 (63 FR 24197). As a part of the scoping process, a public scoping

meeting was conducted on June 2, 1998, in Salt Lake City, Utah. The scoping process also provided interested parties with an opportunity to provide written comments. At the conclusion of that initial scoping process, NRC issued a scoping report, dated September 1998.

NRC's initial scoping process was based on the description of the PFSF contained in the applicant's submittal of June 20, 1997, which did not include the proposed rail line on public land administered by BLM. This rail line proposal was submitted to NRC on August 28, 1998, as an amendment to the PFS application. Similarly, BIA's conditional approval of the proposed lease agreement was issued prior to the applicant's proposal of a rail line over BLM lands adjacent to the Skull Valley Reservation.

As a result of the applicant's August 28, 1998, revision of its transportation proposal, NRC, BIA, and BLM have determined that additional scoping meetings should be conducted. Therefore, public scoping meetings will be held on April 29, 1999, from 8 a.m. to 11 a.m. at the Ballroom of the Little America Inn, 500 South Main Street, Salt Lake City, Utah 84101 and April 29, 1999, from 6:30 p.m. to 9:30 p.m. at the Tooele High School, 240 West Buffalo Boulevard, Tooele, UT 80474. The focus of the scoping meetings will be an environmental issues associated with the rail line proposed in the applicant's August 28, 1998, license application amendment, the request for issuance of a ROW over public lands managed by BLM, and any environmental concerns associated with the proposed lease agreement that may not have been addressed in the NRC's initial scoping process. Each meeting will include an NRC briefing on the proposed license and a summary of the comments received at the previous scoping meeting; a BLM briefing on the land use plan amendment and the proposed ROW; and a BIA briefing on the lease agreement. The scoping meetings will afford an opportunity for interested agencies, organizations, and individuals to submit comments or suggestions on environmental issues related to the proposed rail line and the lease agreement. Written comments on these issues will be accepted until May 28, 1999.

Persons may register to present oral comments at the scoping meeting by writing to (1) Scott C. Flanders, Sr. Environmental Project Manager, Licensing and Inspection Directorate, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555; (2) Leon

Berggren, Resource Advisor, U.S. Department of Interior, Bureau of Land Management, Salt Lake District Office, 2370 South 2300 West, Salt Lake City, Utah 84119; or (3) Dale Hamberg, Land Operation Officer, U.S. Department of Interior, Bureau of Indian Affairs, Unitah and Ouray Agency, P.O. Box 130 Fort Duchesne, Utah 84026; or Amy Heuslein, Environmental Protection Officer, U.S. Department of Interior, Bureau of Indian Affairs, Phoenix Area Office, P.O. Box 10, Phoenix, Arizona 85001. Information concerning the proposed actions, the scoping process, and the EIS may also be obtained from these individuals. A copy of the initial NRC scoping report dated September 1998 can be obtained by writing to Scott Flanders at 11555 Rockville Pike, Rockville, Maryland 20855, or by telephone at (301) 415-1172. Also, the NRC scoping report is available for public inspection at NRC's Public Document Room in the Gelman Building, 2120 L Street, NW., Washington, DC 20555, and the Local Public Document Room at the University of Utah, Marriott Library, Documents Division, 295 S. 1500 East, Salt Lake City, Utah 84112-0860. A limited number of copies of NRC's scoping report will also be available at the scoping meeting on April 29, 1999.

Participation in the scoping process does not entitle participants to become parties to the adjudicatory proceeding associated with the proposed NRC licensing action. Participation in the adjudicatory proceeding is governed by the procedures specified in 10 CFR 2.714 and 2.715 and in the aforementioned **Federal Register** Notice (62 FR 41099).

Dated at Rockville, Maryland, this 31st day of March 1999.

For the Nuclear Regulatory Commission.

E. William Brach,

Director, Spent Fuel Project Office, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-M

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards Joint Meeting of the ACRS Subcommittees on Reliability and Probabilistic Risk Assessment and on Materials and Metallurgy; Notice of Meeting

The ACRS Subcommittees on Reliability and Probabilistic Risk Assessment and on Materials and Metallurgy will hold a joint meeting on May 5, 1999, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The entire meeting will be open to public attendance.

The agenda for the subject meeting shall be as follows:

Wednesday, May 5, 1999—8:30 a.m. until 12:00 Noon

The Subcommittees will review the proposed topical report prepared by the Electric Power Research Institute (EPRI) for risk-informed inservice inspection. The purpose of this meeting is to gather information, analyze relevant issues and facts, and to formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Oral statements may be presented by members of the public with the concurrence of the Subcommittee Chairman; written statements will be accepted and made available to the Committee. Electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Subcommittees, their consultants, and staff. Persons desiring to make oral statements should notify the cognizant ACRS staff engineer named below five days prior to the meeting, if possible, so that appropriate arrangements can be made.

During the initial portion of the meeting, the Subcommittees, along with any of their consultants who may be present, may exchange preliminary views regarding matters to be considered during the balance of the meeting.

The Subcommittees will then hear presentations by and hold discussions with representatives of the NRC staff, its consultants, and other interested persons regarding this review.

Further information regarding topics to be discussed, whether the meeting has been canceled or rescheduled, and the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by contacting the cognizant ACRS staff engineer, Mr. Michael T. Markley (telephone 301/415-6885) between 7:30 a.m. and 4:15

p.m. (EDT). Persons planning to attend this meeting are urged to contact the above named individual one or two working days prior to the meeting to be advised of any potential changes to the agenda, etc., that may have occurred.

Dated: April 8, 1999.

Richard P. Savio,

Associate Director for Technical Support, ACRS/ACNW.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 23777; 812-11568]

American Skandia Trust and American Skandia Investment Services, Inc.; Notice of Application

April 8, 1999.

AGENCY: Securities and Exchange Commission ("Commission").

ACTION: Notice of an application under section 6(c) of the Investment Company Act of 1940 (the "Act") for an exemption from section 15(a) of the Act.

SUMMARY: Applicants American Skandia Trust (the "Fund"), on behalf of its series AST Putnam Value Growth & Income Portfolio, AST Putnam International Equity Portfolio and AST Putnam Balanced Portfolio (the "Portfolios"), and American Skandia Investment Services, Inc. (the "Manager") seek an order to permit the implementation, without shareholder approval, of new investment sub-advisory agreements ("Interim Agreements") following the resignation of the investment sub-adviser to the Portfolios. The order would cover a period beginning on the date that the termination of the existing sub-advisory agreement becomes effective (the "Effective Date") and continue for a period of up to 150 days (but in no event later than September 30, 1999) (the "Interim Period"). The order also would permit the payment of fees earned under the Interim Agreements during the Interim Period, following shareholder approval.

FILING DATE: The application was filed on April 8, 1999.

HEARING OR NOTIFICATION OF HEARING: An order granting the application will be issued unless the Commission orders a hearing. Interested persons may request a hearing by writing to the Commission's Secretary and serving applicants with a copy of the request, personally or by mail. Hearing requests should be received by the Commission
