BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation****Meeting Flow Objectives for the San Joaquin River Agreement, 1999-2010, California**

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability of the Final Environmental Impact Statement/Final Environmental Impact Report (FEIS/FEIR) INT #FES 99-7.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) and the California Environmental Quality Act, the Bureau of Reclamation (Reclamation) and the San Joaquin River Group Authority (SJRG) have prepared a joint FEIS/FEIR on a proposed program to acquire water identified in the San Joaquin River Agreement (SJRA) to be used to provide protective measures for fall-run chinook salmon in the San Joaquin River system and to support the San Joaquin River flow objectives of the 1995 Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary. The water would be used to provide:

- A pulse flow for a 31-day period at Vernalis during April and May in

support of the Vernalis Adaptive Management Program, and

- Other flows to facilitate migration and attraction of anadromous fish, including fall attraction flows.

The affected portions of the San Joaquin River and its tributaries (Stanislaus, Tuolumne, and Merced rivers) are located in the Central Valley of California. The rivers and related storage and conveyance facilities are located in the following counties: Fresno, Madera, Mariposa, Merced, San Joaquin, Stanislaus, and Tuolumne.

Reclamation and the SJRG prepared a Draft Environmental Impact Statement/Draft Environmental Impact Report (DEIS/DEIR) and circulated it on September 25, 1998, for a 45-day review. The FEIS/FEIR presents and describes the environmental effects of three alternatives, including no action, and it includes all comments received on the DEIS/DEIR and responses to those comments.

DATES: No Federal decision will be made on the proposed action until March 5, 1999. After the 30-day waiting period, Reclamation will complete a Record of Decision. It is expected that the Board of Directors of the SJRG will certify the EIS/EIR and approve the project on February 19, 1999, following completion of the 10-day responsible agency review period.

ADDRESSES: Copies of the FEIS/FEIR may be obtained from Mr. Michael Delamore, Bureau of Reclamation, 2666 N. Grove Industrial Drive, Suite 106, Fresno, CA 93727, or by calling (209) 487-5039. See **SUPPLEMENTARY INFORMATION** section for a list of the locations where copies of the FEIS/FEIR are available for public inspection and review.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Delamore, Bureau of Reclamation, at (209) 487-5039; or Mr. Dan Fults, Friant Water Users Authority, at (916) 441-1931.

SUPPLEMENTARY INFORMATION: The proposed action involves providing water supplies to meet flow requirements for fall-run chinook salmon and other environmental needs on the San Joaquin River. The SJRG, consisting of several water districts in the San Joaquin River basin, is working with State and Federal Government agencies to address needs on the San Joaquin River system, including increased instream flows. The SJRA provides protective measures equivalent to the Vernalis flow objectives of the State Water Resources Control Board's 1995 Water Quality Control Plan. Debate over the flow objectives led to a proactive problem-solving process to

develop an adaptive fishery management plan [the Vernalis Adaptive Management Program (VAMP)] and the water supplies (from willing sellers on the San Joaquin River system) to support the plan. The SJRA identifies where the water to support the VAMP and other flow needs would be obtained, specifically from the SJRA whose members are making the water available. The water would be used during the period 1999–2010; the flows would vary, depending on hydrologic conditions.

The water supply program consists of three components:

(1) A 31-day pulse flow in April–May to support the VAMP that would require up to 110,000 acre-feet annually;

(2) Additional water for a fall attraction flow for salmon in October (12,500 acre-feet) from Merced Irrigation District; and

(3) Additional water from Oakdale Irrigation District (26,000 acre-feet less up to 11,000 acre-feet contributed by Oakdale to the 31-day pulse flow). This additional water would be used for such purposes as ramping around the pulse flows, temperature control, water quality, and protection of salmon redds during periods of low flow.

A total of 137,500 acre-feet of water per year could be provided, and most of this (up to 92 percent) is expected to come directly from surface water sources, including reservoir storage, changes in diversions, and release patterns from reservoirs. Other sources of the water include groundwater, tailwater recovery, and conservation.

Copies of FEIS/FEIR are available for public inspection and review at the following locations:

- Modesto Irrigation District, 1234 Eleventh Street, Modesto, CA 95252; telephone (209) 526–7360.
- Bureau of Reclamation, Program Analysis Office, Room 7456, 1849 C Street, NW, Washington, DC 20240; telephone (202) 208–4662.
- Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6th and Kipling, Denver, CO 80225; telephone (303) 445–2072.
- Bureau of Reclamation, Attention: MP–140, 2800 Cottage Way, Sacramento, CA 95825–1898; telephone (916) 978–5100.
- Natural Resources Library, U.S. Department of the Interior, 1849 C Street, NW, Main Interior Building, Washington, DC 20240–0001.
- California State Library at 914 Capitol Mall in Sacramento, CA 94237.
- Fresno County Public Library at 2420 Mariposa Street in Fresno, CA 93721.

- Merced County Library at 2100 O Street in Merced, CA 95340–3637.
- Merced County, Los Banos Branch Library at 1312 South Seventh Street in Los Banos, CA 93635.
- Modesto City Library at 1500 I Street in Modesto, CA 95354–1220.
- Sacramento Public Library at 828 I Street in Sacramento, CA 95814–2589.
- Stockton-San Joaquin County Public Library at 605 North El Dorado Street in Stockton, CA 95202–1999.
- University of California Berkeley, Government Documents Library at 350 Library Annex in Berkeley, CA 94720.
- University of California Davis at Shields Library in Davis, CA 95616.

Dated: January 25, 1999.

Roger K. Patterson,

Regional Director.

BILLING CODE 4310–94–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–44 (Review)]

SORBITOL FROM FRANCE

AGENCY: United States International Trade Commission.

ACTION: Scheduling of an expedited five-year review concerning the antidumping duty order on sorbitol from France.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)(3)) (the Act) to determine whether revocation of the antidumping duty order on sorbitol from France would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207). Recent amendments to the Rules of Practice and Procedure pertinent to five-year reviews, including the text of subpart F of part 207, are published at 63 F.R. 30599, June 5, 1998, and may be downloaded from the Commission's World Wide Web site at <http://www.usitc.gov/rules.htm>.

EFFECTIVE DATE: January 7, 1999.

FOR FURTHER INFORMATION CONTACT: Robert Carr (202–205–3402), Office of Investigations, U.S. International Trade Commission, 500 E Street SW,

Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION:

Background.—On January 7, 1999, the Commission determined that the domestic interested party group response to its notice of institution (63 F.R. 52757, Oct. 1, 1998) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.²

Staff report.—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on February 11, 1999, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,³ and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before February 16, 1999, and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by February 16, 1999. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3,

¹ A record of the Commissioners' votes and statements are available from the Office of the Secretary and at the Commission's web site.

² Commissioner Koplan dissenting.

³ The Commission has found the responses submitted by Archer Daniels Midland Co. and SPI Polyols to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).
