Area (NBHMA), Douglas County, Oregon; and Notice of Public Scoping period. The NBHMA is approximately five miles east of Wilbur, Oregon on County Road 200 (North Bank Road).

**SUMMARY:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, and 40 CFR 1501.7 the Bureau of Land Management (BLM), Roseburg District, will prepare an EIS/HMP that will evaluate the environmental impacts of management on the 6,580 acre North Bank Habitat Management Area. This plan is necessary to form a basis for the management of habitat for the Columbian white-tailed deer (a federally listed "endangered" species), as well as rare plants and other sensitive species of wildlife. The EIS/HMP will also identify recreational opportunities and habitat restoration projects. The effect of this action would be to meet criteria in the Recovery Plan required for delisting the Columbian white-tailed deer (CWTD).

**DATES:** Written comments will be accepted until March 8, 1999.

**ADDRESSES:** Comments should be sent to the District Manager, Roseburg District, Bureau of Land Management, 777 NW Garden Valley Blvd., Roseburg, Oregon 97470; Attention NBHMA Project.

When the EA was written the public was provided an opportunity to provide scoping comments through four "open house" meetings, a news release and the Roseburg District Project Planning Update which is mailed out on a quarterly basis to inform the public of upcoming projects and comment opportunities. Previous comments that have been submitted will be considered in the development of the EIS. The following issues were identified in the EA:

1. Impacts to the CWTD and other special status species.
2. Degree of facility development and use.
3. Affect on adjacent landowners.
4. Affect on water quality.

The draft EIS is expected to be completed by June 1999, at which time the document will be made available for a 60 day public review and comment

period. If there is sufficient public interest, an open house meeting may be scheduled during the public comment period.
