

The facility consists of a pressurized-water reactor at the licensee's site located in Citrus County, Florida.

## II

With respect to certain generic issues for facilities operating prior to January 1, 1979, except to the extent set forth in 10 CFR 50.48(b), 10 CFR Part 50, Appendix R, sets forth fire protection features required to satisfy general design Criterion 3 of the Commission's regulations. On October 29, 1997, the NRC granted to the licensee an exemption from certain of these requirements. By letter dated March 25, 1998, as revised March 27, 1998, the licensee informed the NRC that the exemption contained errors primarily regarding the designations of fire zones and fire areas and requested that the exemption be reissued to correct the errors.

## III

The NRC has reviewed the proposed corrections submitted by the licensee and concludes that the requested corrections to the exemption are appropriate. The specific corrections are as follows:

1. In Section III, page 3, change lines 5 and 6 to read "\* \* \* auxiliary building fire zones AB-95-3B and G, AB-119-6A (elevations 95 and 119) and the intermediate building fire zones IB-119-201A and IB-119-201B (elevation 119)." In Section IV, page 9, change lines 3 and 4 to read "\* \* \* fire zones AB-95-3B and G, AB-119-6A (elevations 95 and 119) and the intermediate building fire zones IB-119-201A and IB-119-201B (elevation 119), would provide. \* \* \*" A fire zone is a subpart of a fire area and is designated by the addition of a letter identifier. Thus, fire zone AB-95-3B is a part of fire area AB-95-3. The staff inadvertently used the terminology for a fire area when listing the fire zones for which an exemption had been requested, and thus the correction to change the wording to fire zone is appropriate. In addition, in the list of fire zones for which the exemption applied, the staff inadvertently omitted fire zone IB-119-201B. An exemption

for this fire zone was requested by the licensee, was discussed in the Safety Evaluation (SE) supporting the exemption, and approved by the staff. Therefore, correcting the wording to include fire zone IB-119-201B in the list of fire zones is appropriate.

2. In Section III, page 3, change the 5th line from bottom of page to read, "Auxiliary building hallway AB-95-3B." Due to a typographical error the fire zone identification for the auxiliary building hallway was identified as AB-95-3BA. The correct designation is AB-95-3B.

3. In Section III, page 5, change line 1 to read "Auxiliary building hallway AB-119-6A." The discussion of fire zone AB-119-6A was inadvertently labeled as AB-95-3G. Fire zone AB-95-3G was discussed in the previous paragraph of the SE. The description of the fire zone in this paragraph is for fire zone AB-119-6A. Therefore, the change to accurately reflect the correct fire zone is appropriate.

4. In Section III, page 5, change the 8th line from bottom of page to read "This zone connects the industrial cooler room to the auxiliary building. \* \* \*" Fire zone IB-119-201A is a corridor which connects the industrial cooler room to the auxiliary building. Due to a typographical error, the words were transposed to read industrial room cooler. Therefore, the correction of the wording is appropriate.

## IV

In consideration of the foregoing, the Commission hereby corrects the specific exemption from 10 CFR Part 50, Appendix R, Section III. G, granted on October 29, 1997, for Crystal River Unit 3, as reflected above.

This Correction of Exemption is effective upon issuance.

Dated at Rockville, Maryland, this 10th day of February 1999.

For the Nuclear Regulatory Commission.

**Samuel J. Collins,**  
Director, Office of Nuclear Reactor  
Regulation.

## OFFICE OF MANAGEMENT AND BUDGET

### Cumulative Report on Rescissions and Deferrals

February 1, 1999.

This report is submitted in fulfillment of the requirement of Section 1014(e) of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344). Section 1014(e) requires a monthly report listing all budget authority for the current fiscal year for which, as of the first day of the month, a special message had been transmitted to Congress.

This report gives the status, as of February 1, 1999, of three rescission proposals that have been pending for less than 45 days and three deferrals contained in two special messages for FY 1999. These messages were transmitted to Congress on October 22, 1998, and February 1, 1999.

#### Rescissions (Attachments A and C)

As of February 1, 1999, three rescission proposals totaling \$35 million have been transmitted to the Congress. Attachment B shows the status of the FY 1999 rescission proposals.

#### Deferrals (Attachments B and D)

As of February 1, 1999, \$1.6 billion in budget authority was being deferred from obligation. Attachment D shows the status of each deferral reported during FY 1999.

#### Information From Special Messages

The special messages containing information on the rescission proposals and deferrals that are covered by this cumulative report are printed in the editions of the **Federal Register** cited below:

63 FR 63949, Tuesday, November 17, 1998

As of this date, the February 1, 1999, special message has not been published.

**Jacob J. Lew,**  
Director.

### ATTACHMENT A.—STATUS OF FY 1999 RESCISSIONS

[in millions of dollars]

	Budgetary resources
Rescissions proposed by the President .....	35.0
Rejected by the Congress .....	
Currently before the Congress .....	35.0

ATTACHMENT B.—STATUS OF FY 1999 DEFERRALS

[in millions of dollars]

	Budgetary resources
Deferrals proposed by the President .....	1,680.7
Routine Executive releases through February 1999 (OMB/Agency releases of \$130.7 million) .....	– 130.7
Overtaken by the Congress .....	
Currently before the Congress .....	1,550.0
