ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IN193-1b; FRL-6566-6]

Approval and Promulgation of State Plans for Designated Facilities and Pollutants; Indiana; Control of Landfill Gas Emissions From Existing Municipal Solid Waste Landfills

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve the Indiana State Plan submittal for implementing the Municipal Solid Waste (MSW) Landfill Emission Guidelines. The State submitted this plan to EPA in accordance with requirements found in the Clean Air Act (Act) and the requirements for State plans for designated facilities in 40 CFR part 60, subpart B. The submittal establishes performance standards for existing MSW landfills and provides for the implementation and enforcement of those standards. The EPA proposes to find that Indiana's Plan for existing MSW landfills adequately addresses all of the Federal requirements applicable to such plans. EPA's proposed approval of the State's MSW Landfill Plan also includes rules submitted to EPA on November 21, 1995, and February 14, 1996, as volatile organic compound control measures. EPA approved the incorporation of these rules into the Indiana SIP on January 17, 1997. In this action, EPA is proposing to include these rules as part of the Indiana MSW Landfill Plan.

I. What Action Is EPA Taking Today?

We have examined the State's 111(d) revision request and the supporting documentation provided by the State. Based on the merits of the information supplied, EPA is proposing to approve Indiana's 111(d) plan for control of landfill gas from existing MSW landfills which was submitted to EPA on September 30, 1999. EPA is also proposing to add rules for controlling volatile organic compound emissions from existing MSW landfills located in Clark, Floyd, Lake and Porter Counties to the State's 111(d) plan. These rules, contained in 326 IAC 8-8, were originally submitted to EPA as part of the Indiana Ozone Plan on November 21, 1995 and February 14, 1996. EPA approved the incorporation of these rules into the Ozone Plan on January 17, 1997 (62 FR 2593). EPA codified its approval of these State rules at 40 CFR 52.770(c)(110).

II. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information see the direct final rule published in the final rules section of this **Federal Register**.

[Docket #ID-02-0001; FRL-6566-3]

Approval and Promulgation of Municipal Solid Waste Landfills State Plan for Designated Facilities and Pollutants: Idaho

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State of Idaho's section 111(d) State Plan for controlling emissions from existing Municipal Solid Waste (MSW) Landfills. The plan was submitted on December 16, 1999, to fulfill the requirements of section 111(d) of the Clean Air Act. The State Plan adopts and implements the Emissions Guidelines applicable to existing MSW Landfills, and establishes emission limits and controls for sources which commenced construction, reconstruction, or modification before May 30, 1991.

In the final rules section of this **Federal Register**, the EPA is approving Idaho's State Plan as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, EPA will not take action on this proposed rule. If the EPA receives relevant adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will then address all public comments received in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action.

DATES: Written comments must be received by April 27, 2000.

ADDRESSES: Written comments should be addressed to: Catherine Woo, US EPA, Region X, Office of Air Quality (OAQ-107), 1200 Sixth Avenue, Seattle, WA 98101. Copies of the State submittal are available for public review during normal business hours at the following locations.
