Exemption Litigation, M.D.L. No. 378 (D. Kan. 1986), reprinted in 6 Fed. Energy Guidelines ¶ 90,501 (The Stripper Well Agreement), provides that crude oil overcharge funds will be divided among the states, the federal government, and injured purchasers of refined petroleum products. Eighty percent of the funds, and any monies remaining after all valid claims are paid, are to be disbursed equally to the states and federal government for indirect restitution. Twenty percent of the funds will be used for direct restitution to claimants who were injured by actual or alleged crude oil violations.

The OHA has applied these procedures in numerous cases. *E.g., New York Petroleum Inc.,* 18 DOE ¶ 85,435 (1988); *Shell Oil Co.,* 17 DOE ¶ 85,204 (1988); *Ernest A. Allerkamp,* 17 DOE ¶ 85,079 (1988). The procedures have been approved by the United

States District Court for the District of Kansas, as well as the Temporary Emergency Court of Appeals. We will not reiterate those procedures here. They are by now well known and, further, the period for filing refund claims for crude oil overcharge funds closed on June 30, 1995. 60 Fed. Reg. 19914–15 (April 21, 1995).

Accordingly, we propose to reserve the full twenty percent of the available alleged crude oil violation amounts, \$2,532,199.72, for direct refunds to claimants, in order to ensure that sufficient funds will be available for refunds to injured parties. As stated above, no new applications for refund for those monies will be accepted, since the claims period has closed. The funds will be added to the general crude oil overcharge pool available for direct restitution.

Under the terms of the SMRP, we propose that the remaining eighty percent of the alleged crude oil violation amounts subject to this Decision, or \$10,128,798.86, should be disbursed in equal shares to the states and federal government for indirect restitution. The share or ratio of the funds which each state will receive is contained in Exhibit H of the Stripper Well Agreement. When disbursed, these funds will be subject to the same limitations and reporting requirements as all other crude oil monies received by the states under the Stripper Well Agreement.

It Is Therefore Ordered That: The refund amounts remitted to the Department of Energy by the firms listed in the Appendix to this Decision and Order will be distributed in accordance with the foregoing Decisions.
