Cross Creek Apparel, Inc., Mt. Airy, and Walnut Cove, North Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on April 4, 2000, applicable to workers of Cross Creek Apparel, Inc., Mt. Airy and Walnut Cove, North Carolina. The notice will be published soon in the **Federal Register**.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers produce knit apparel. New information shows that the Department inadvertently included the workers of the Mt Airy, North Carolina location of Cross Creek Apparel in its certification. Findings show that a previous certification, TA-W-35,750, was issued on March 17, 1999, covering the same worker group, who were engaged in employment related to the production of knit apparel. That certification expires March 17, 2001.

Based on these findings, the Department is amending the certification to limit coverage to only

workers of Cross Creek Apparel, Walnut Cove, North Carolina.

The intent of the Department's certification is to include all workers of Cross Creek Apparel, Inc., Walnut Cove, North Carolina adversely affected by increased imports.

The amended notice applicable to TA-W-37,451 is hereby issued as follows:

"All workers of Cross Creek Apparel, Walnut Cove, North Carolina who became totally or partially separated from employment on or after February 21, 1999 through April 4, 2002 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, D.C. this 20th day of April, 2000.

Outboard Marine Corporation, OMC Evinrude Plant Milwaukee, Wisconsin; Notice of Negative Determination Regarding Application for Reconsideration

By application dated March 24, 2000, the United Steelworkers of America (USWA), Local 1302, request administrative reconsideration of the Department's negative determination regarding worker eligibility to apply for TAA. The denial notice applicable to workers of the subject firm located in Milwaukee, Wisconsin, was signed on March 3, 2000 and published in the **Federal Register** on March 17, 2000 (65 14627).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

Findings of the initial investigation show that workers of Outboard Marine Corporation, OMC Evinrude Plant, Milwaukee, Wisconsin, producing component parts for outboard motors were denied eligibility to apply for TAA based on the finding that the "contributed importantly" criterion of the worker group eligibility requirements of Section 222 of the Trade Act of 1974, as amended, was not met. Layoffs were attributable to the company's decision to consolidate operations and outsource to U.S. manufacturers.

The USWA, Local 1302, states that OMC has entered into an agreement with Suzuki of Japan for the purchase of marine power products, and provided the number of units to be purchased from that supplier this year. This information was available to the Department during the investigation but not elaborated on in the notice of negative determination. The subject firm did not import, nor were there any scheduled imports, of components like or directly competitive with those produced by workers of the firm.
