GENERAL ACCOUNTING OFFICE

Federal Accounting Standards Advisory Board

AGENCY: General Accounting Office.

ACTION: Notice of Issuance of Statement of Federal Financial Accounting Standards (SFFAS) No. 18).

Board Action: Pursuant to the Federal Advisory Committee Act (Pub. L. No.

92-463), as amended, and the FASAB Rules Of Procedure, as amended in October, 1999, notice is hereby given that the Federal Accounting Standards Advisory Board (FASAB) has issued Statement of Federal Financial Accounting Standards (SFFAS) No. 18, *Amendments to Accounting Standards for Direct Loans and Loan Guarantees in SFFAS No. 2.*

The Board approved the Statement in February 2000, and submitted it to FASAB principals for a 90-day review. The review period closed on May 19, 2000.

SFFAS No. 18 provides the following new requirements to improve financial reporting for subsidy costs and performance of Federal credit programs:

- Report subsidy reestimates in two distinct components: the interest rate reestimate and the technical/default reestimate. The former is a reestimate due to a change in interest rates used in calculating the subsidy expense. The latter is a reestimate due to changes made in projected cash flows after reevaluating all the risk factors as of the financial statement date.

- Display a reconciliation on an entity-wide basis between the beginning and the ending balances of the subsidy cost allowance for direct loans and the liability for loan guarantees, reported in an entity's balance sheet.

- Provide a narrative to disclose and discuss events and changes in economic conditions and legislation that have had a significant and measurable effect on the subsidy costs of direct loans and loan guarantees.

The standards prescribed in SFFAS No. 18 are effective for periods beginning after September 30, 2000. Hard copies of the statement will be mailed to the FASAB mailing list. It is also available on the FASAB web site at www.financenet.gov/fasab.htm or by calling 202-512-7350.

FOR FURTHER INFORMATION CONTACT:

Wendy Comes, Executive Director, 441 G St., NW., Mail Stop 6K17V, Washington, DC 20548, or call (202) 512-7350.

Authority: Federal Advisory Committee Act. Pub. L. No. 92-463.

Dated: May 23, 2000.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[30DAY-34-00]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these

requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Projects

1. Public Health Infrastructure Surveillance and Performance Monitoring Network—New—The Centers for Disease Control and Prevention (CDC) proposes to establish a sentinel network of 320 local health departments to provide ongoing public health system infrastructure and capacity data. As the nation's prevention agency, CDC is working to support the U.S. public health mission of rapidly detecting disease and health risks, rapidly communicating and strengthening the capacity to respond. Towards this goal, CDC proposes to assess and strengthen the nation's public health infrastructure by developing a network of local health departments that will provide ongoing information to public health leaders, policy makers, program managers and others to identify needs, target resources, and assist in overall preparedness. Data gathered by survey from the sentinel network will also lead to improvement of the public health communications systems and reinforced training and credentialing for core workforce skills, and will help in developing standards for improved organizational performance.

The purpose of this Sentinel System is to: (1) Provide data to assist with monitoring and measuring local public health systems; (2) assess the public health infrastructure including data and information systems, public health workforce, and effective public health organizations that enable the performance of the essential public health services in every community; and (3) evaluate the use of these data in developing strategies to strengthen the infrastructure of public health. This data will allow CDC and the public health community to improve infrastructure quality and capacity. Examples of cross-cutting infrastructure issues that may be identified by this data include the extent of under-funding of public health, the need for effective local leadership and for integrated electronic information systems, and the emerging role of measurable standards for local health departments.

The main respondents to the survey will be local health officers. The annual burden hours are estimated to be 1,920.
