Food and Drug Administration

21 CFR Part 573

[Docket No. 98F-0196]

Food Additives Permitted in Feed and Drinking Water of Animals; Selenium Yeast

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the

regulations for food additives permitted in feed to provide for the safe use of selenium yeast as a source of selenium in animal feeds intended for chickens. This action is in response to a food additive petition filed by Alltech Biotechnology Center.

DATES: This rule is effective June 6, 2000. Submit written objections and requests for a hearing by July 6, 2000.

ADDRESSES: Submit written objections to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT:

Nelson Chou, Center for Veterinary Medicine (HFV-228), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-827-0161.

SUPPLEMENTARY INFORMATION:

I. Background

In a notice published in the **Federal Register** of May 12, 1998 (63 FR 26193), FDA announced that a food additive petition (animal use) (FAP 2238) had been filed by Alltech Biotechnology Center, 3031 Catnip Hill Pike, Nicholasville, KY 40356. The petition proposed to amend the food additive regulations in § 573.920 *Selenium* (21 CFR 573.920) to provide for the safe use of selenium yeast as a source of selenium in animal feeds intended for use in poultry. The notice of filing provided for a 60-day comment period on the petitioner's environmental assessment. No comments have been received.

II. Conclusion

FDA concludes that the data establish the safety and utility of selenium yeast, for use in feeds for chickens, and the food additive regulations should be amended as set forth below.

III. Public Disclosure

In accordance with § 571.1(h) (21 CFR 571.1(h)), the petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition are available for inspection at the Center for Veterinary Medicine by appointment with the information contact person listed above. As provided in § 571.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

IV. Environmental Impact

The agency has determined under 21 CFR 25.32(r) that this action is of a type that does not individually or cumulatively have a significant effect on

the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

V. Objections and Hearing Requests

Any person who will be adversely affected by this regulation may at any time file with the Dockets Management Branch (address above) written objections by July 6, 2000. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents are to be submitted and are to be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

List of Subjects in 21 CFR Part 573

as provided in paragraph (h) of this section.

30 CFR Part 250

Oil and Gas and Sulphur Operations in the Outer Continental Shelf—Corrections

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Correcting amendments.

SUMMARY: This document makes technical corrections to regulations that were published in various **Federal Register** documents and are codified in the Code of Federal Regulations under Title 30—Minerals Resources, Parts 200–269. The changes are necessary to correct a citation and a reference to a section of a document incorporated by reference.

EFFECTIVE DATE: June 6, 2000.

FOR FURTHER INFORMATION CONTACT:
Alexis London, Rules Processing Team,
Engineering and Operations Division,
(703) 787-1600.

SUPPLEMENTARY INFORMATION:

Background

These correcting amendments affect all offshore operators and lessees. The following describes the two minor corrections we are making.

On May 29, 1998 (63 FR 29478), MMS published a final rule commonly known as the “redesignation” rule, which assigned new section numbers to each section in 30 CFR part 250 (Oil and Gas and Sulphur Operations in the Outer Continental Shelf). The purpose was to allow MMS to logically format the subparts in the future without further renumbering. In the process of redesignating the regulations, we missed correcting a citation in 30 CFR 250.613(a). That section references the citation “§ 250.91”, which should have been changed to “§ 250.601” and is now being corrected.

In § 250.198(e), our regulations incorporate various documents by reference and these documents are then referenced in other sections of the regulations. One of these documents is API RP 14H, Recommended Practice for Installation, Maintenance and Repair of Surface Safety Valves and Underwater Safety Valves Offshore. This document is referenced in § 250.804(a)(4) as “API RP 14H, Section 4, Table 2”. However, there are no tables in Section 4 of API RP 14H and the reference should have been to “Section 6” rather than “Section 4”. We are correcting § 250.804(a)(4) to simply reference document “API RP 14H” without designating a specific section of the document.

Need for Correction

As published, the final regulations contain errors which may prove to be misleading, and are in need of clarification.

List of Subject in 30 CFR Part 250

Continental shelf, Environmental impact statements, Environmental protection, Government contracts, Incorporation by reference, Investigations, Mineral royalties, Oil and gas development and production, Oil and gas exploration, Oil and gas reserves, Penalties, Pipelines, Public lands—mineral resources, Public lands—rights-of-way, Reporting and recordkeeping requirements, Sulphur development and production, Sulphur exploration, Surety bonds.

Accordingly, 30 CFR Part 250 is corrected by making the following correcting amendments:

PART 250—OIL AND GAS AND SULPHUR OPERATIONS IN THE OUTER CONTINENTAL SHELF

1. The authority citation for part 250 continues to read as follows:

Authority: 43 U.S.C. 1331 *et seq.*

§ 250.613 [Corrected]

2. In § 250.613, paragraph (a), in the first sentence, the citation “§ 250.91” is revised to read “§ 250.601”.

§ 250.804 [Corrected]

3. In § 250.804, paragraph (a)(4), in the second sentence, the reference to “API RP 14H, Section 4, Table 2.” is revised to read “API RP 14H.”

Dated: May 24, 2000.
