

### Price-to-Price Comparisons

We calculated normal value based on both packed, FOB or delivered prices Kuraray charged to its unaffiliated purchasers in Japan and packed, FOB or delivered prices Kuraray Trading charged to its unaffiliated purchasers in Japan. We made adjustments to the starting price for discounts and rebates, where appropriate. We also made deductions, where appropriate, for inland freight (*i.e.*, plant to warehouse and warehouse to customer), inland insurance and warehousing expenses, pursuant to section 773(a)(6)(B) of the Act.

For all comparisons, we made a circumstance-of-sale adjustment, where appropriate, for differences in credit expenses, pursuant to section 773(a)(6)(C)(iii) of the Act and 19 C.F.R. 351.410(c).

For comparisons to CEP sales, we also deducted from normal value the lesser of comparison-market indirect selling expenses and indirect selling expenses deducted from CEP (the CEP offset), pursuant to section 773(a)(7)(B) of the Act and 19 C.F.R. 351.412(f).

For comparisons to both export price and CEP sales, we made adjustments to normal value for differences in packing expenses, in accordance with section 773(a)(6) of the Act. We also made adjustments to normal value, where appropriate, for differences in costs attributable to differences in the physical characteristics of the merchandise, pursuant to section 773(a)(6)(C)(ii) of the Act and 19 C.F.R. 351.411.

### Preliminary Results of Review

As a result of this review, we preliminarily determine that the following margin exists for the period May 1, 1998, through April 30, 1999:

Margin Manufacturer/exporter	(per-cent)
Kuraray Co., Ltd. ....	2.07

Pursuant to 19 C.F.R. 351.224(b), the Department will conduct disclosure within five days after the date of publication of this notice. Any interested party may request a hearing within 30 days of publication. Any hearing, if requested, will be held 44 days after the date of publication or the first business day thereafter.

Issues raised in hearings will be limited to those raised in the respective case briefs and rebuttal briefs. Case briefs from interested parties and rebuttal briefs, limited to the issues raised in the respective case briefs, may be submitted not later than 30 days and

37 days, respectively, from the date of publication of these preliminary results. Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument. Parties are also encouraged to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations and cases cited.

The Department will issue the final results of this administrative review, including the results of its analysis of issues raised in any such written briefs or at the hearing, if held, not later than 120 days after the date of publication of this notice.

Interested parties who wish to request a hearing or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, Room B-099, within 30 days of the date of publication of this notice. The request should contain: (1) the party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed.

### Cash Deposit and Assessment Requirements

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties.

The Department shall determine and the Customs Service shall assess antidumping duties on all appropriate entries. The Department will issue appropriate appraisal instructions directly to the Customs Service upon completion of this review. For Kuraray, for duty assessment purposes, we intend to calculate importer-specific assessment rates by aggregating the dumping margins calculated for all U.S. sales to each importer and dividing this amount by the total entered value of subject merchandise of the same sales for each importer. In accordance with 19 CFR 351.106(c)(2), we will instruct the Customs Service to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis* (*i.e.*, at or above 0.50 percent).

Furthermore, the following deposit requirements will be effective upon publication of the final results of this antidumping duty review for all shipments of PVA from Japan, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a) of the Act: (1) the cash deposit rate for Kuraray will be rate established in the

final results; (2) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be 77.49 percent, the "All Others" rate made effective by the LTFV investigation. These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213.

Dated: May 30, 2000.

#### Purdue University; Notice of Decision on Application for Duty-Free Entry of Electron Microscope

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, DC.

Docket Number: 00-009. Applicant: Purdue University, West Lafayette, IN 47907-1392. Instrument: Electron Microscope, Model CM300. Manufacturer: Philips, The Netherlands. Intended Use: See notice at 65 FR 25708. Order Date: February 23, 1999.

Comments: None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as the

instrument is intended to be used, was being manufactured in the United States at the time the instrument was ordered. Reasons: The foreign instrument is a conventional transmission electron microscope (CTEM) and is intended for research or scientific educational uses requiring a CTEM. We know of no CTEM, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of the instrument.

[Docket No. 000515143-0143-01]

### Special American Business Internship Training Program (SABIT)

**AGENCY:** International Trade Administration, Commerce.

**ACTION:** Notice.

**SUMMARY:** This Notice announces availability of funds for the Special American Business Internship Training Program (SABIT), for training business executives and scientists (also referred to as "interns") from the New Independent States (NIS). The Department of Commerce, International Trade Administration (ITA) established the SABIT program in September 1990 to assist the former Soviet Union's transition to a market economy. Since that time, SABIT has been matching business executives and scientists from the NIS with U.S. firms which provide them with three to six months of hands-on training in a U.S. market economy.

Under the SABIT program, qualified U.S. firms will receive funds through a cooperative agreement with ITA to help defray the cost of hosting interns. The training must take place in the United States. ITA will interview and recommend eligible interns to participating companies. Interns may be from any of the following Independent States: Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Russia, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan. However, restrictions may apply based on congressional sanctions. The U.S. firms will be expected to provide the interns with a hands-on, non-academic, executive training program designed to maximize their exposure to management or commercially-oriented scientific operations. At the end of the training

program, interns must return to the NIS. If there is any evidence of a conflict of interest between an intern and the company, the intern is disqualified.

**DATES:** The closing date for applications is July 31, 2000. An original and two copies of the application (Standard Form 424 (Rev. 4-92) and supplemental material) are to be sent to the address designated in the Application Kit and postmarked no later than the closing date. Applications will be considered on a "rolling" basis as they are received, subject to the availability of funds. If available funds are depleted prior to the closing date, a notice to that effect will be published in the **Federal Register**. Processing of complete applications takes approximately three to five months. All awards are expected to be made by September 30, 2000.

**ADDRESSES:** Request for Applications: Competitive Application kits will be available from ITA starting on the day this notice is published. To obtain a copy of the Application Kit please contact SABIT by: (1) Email at [SABITApply@ita.doc.gov](mailto:SABITApply@ita.doc.gov), providing your name, company name and address; (2) Telephone (202) 482-0073; (3) Facsimile (202) 482-2443; (4) Send a written request with two self-addressed mailing labels to Application Request, The SABIT Program, HCHB Room 3319, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The telephone numbers are not toll free numbers. Only one copy of the Application Kit will be provided to each organization requesting it, but it may be reproduced by the requesters.

**FOR FURTHER INFORMATION CONTACT:** Liesel C. Duhon, Director, SABIT Program, U.S. Department of Commerce, phone—(202) 482-0073, facsimile—(202) 482-2443. These are not toll free numbers.

**SUPPLEMENTARY INFORMATION:** SABIT exposes NIS business managers and scientists to a completely new way of thinking in which demand, consumer satisfaction, and profits drive production. Senior-level interns visiting the U.S. for internship programs with public or private sector companies will be exposed to an environment which will provide them with practical knowledge for transforming their countries' enterprises and economies to the free market. The program provides first-hand, eye-opening experience to managers and scientists which cannot be duplicated by American managers traveling to their territories.

**Managers:** SABIT assists economic restructuring in the NIS by providing top-level business managers with

practical training in American methods of innovation and management in such areas as strategic planning, financing, production, distribution, marketing, accounting, wholesaling, and labor relations. This first-hand experience in the U.S. economy enables interns to become leaders in establishing and operating a market economy in the NIS, and creates a unique opportunity for U.S. firms to familiarize key executives from the NIS with their products and services. Sponsoring U.S. firms will benefit by establishing relationships with key managers in similar industries who are uniquely positioned to assist their U.S. sponsors do business in the Independent States.

**Scientists:** SABIT provides opportunities for gifted scientists to apply their skills to peaceful research and development in the civilian sector, in areas such as defense conversion, medical research, and the environment, and exposes them to the role of scientific research in a market economy where applicability of research relates to business success. Sponsoring firms in the U.S. scientific community also benefit from exchanging information and ideas, and different approaches to new technologies.

The Special American Business Internship Training program's Catalog of Federal Domestic Assistance (CFA) number is 11.114.

**Funding Availability:** Pursuant to section 632(a) of the Foreign Assistance Act of 1961, as amended (the "Act") funding for the program will be provided by the United States Agency for International Development (A.I.D.). ITA will award financial assistance and administer the program pursuant to the authority contained in section 635(b) of the Act and other applicable Grant rules. The estimated amount of financial assistance available for the program is \$810,000. At least \$400,000 of that amount is reserved for U.S. organizations which will host interns from the Russian Far East. Additional funding may become available at a future date.

**Funding Instrument and Project Duration:** Federal assistance will be awarded pursuant to a cooperative agreement between ITA and the recipient firm. All internships are three to six months; however, ITA reserves the right to allow an intern to stay for a shorter period of time (no less than one month) if the U.S. company agrees and the intern demonstrates a need for a shorter internship based on his or her management responsibilities. ITA will reimburse companies for the round trip international travel (coach class tickets) of each intern from the intern's home
