(a) Payment of a claim approved under this part is contingent on claimant's execution of a Standard Form 95 (Claim for Damage, Injury or Death); a claims settlement agreement; and a Standard Form 1145 (Voucher for Payment), as appropriate. When a claimant is represented by an attorney, the Voucher for Payment will designate both the claimant and his or her attorney as payees, and the check will be delivered to the attorney, whose address is to appear on the Voucher for Payment.

(b) Acceptance by the claimant, his or her agent, or legal representative, of an award, compromise, or settlement made under 28 U.S.C. 2672 or 28 U.S.C. 2677 is final and conclusive on the claimant, his or her agent or legal representative, and any other person on whose behalf or for whose benefit the claim has been presented, and constitutes a complete release of any claim against the United States and against any employee of the Federal Government whose act or omission gave rise to the claim, by reason of the same subject matter.

Veterinary Services User Fees; Pet Food Facility Inspection and Approval Fees; Correction

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Final rule; correction.

SUMMARY: We are correcting an error in the rule portion of a final rule concerning user fees for the inspection and approval of pet food manufacturing, rendering, blending, digest, and spraying and drying facilities. The rule replaced hourly rate user fees for those services with flat rate user fees. The final rule was published in the **Federal Register** on June 20, 2000 (65 FR 38179-38182, Docket No. 98-045-2), and is effective on July 20, 2000.

EFFECTIVE DATE: July 20, 2000.

FOR FURTHER INFORMATION CONTACT: Ms. Donna Ford, Section Head, Financial Systems and Services Branch, Budget and Accounting Service Enhancement Unit, MRPBS, APHIS, 4700 River Road Unit 54, Riverdale, MD 20737-1232; (301) 734-8351.

SUPPLEMENTARY INFORMATION: On June 20, 2000, we published in the **Federal Register** a final rule that amended the user fee regulations to replace the hourly rate user fees for the inspection and approval of pet food manufacturing, rendering, blending, digest, and spraying and drying facilities with flat rate user fees that would cover the cost of all inspections required for annual approval.

In the rule portion of the final rule, the flat rate user fee for the renewal of approval of pet food spraying and drying facilities was listed as \$162.00 for all inspections required during the year. As explained in the **SUPPLEMENTARY INFORMATION** section of the final rule, the correct flat rate user fee for this service is \$162.50. This document corrects that error.

In Docket No. 98-045-2, published on June 20, 2000 (65 FR 38179-38182), make the following correction: On page 38181, in § 130.11, in the table, under the column User Fee, correct "\$162.00" to read "\$162.50".

Done in Washington, DC, this 14th day of July 2000.

Craig A. Reed,

Administrator, Animal and Plant Health Inspection Service.

Fee Increase for Egg Products Inspection—Year 2000

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Final rule.

SUMMARY: The Food Safety and Inspection Service (FSIS) is increasing the fees that it charges egg product plants for providing overtime and holiday inspection services. These fee increases reflect the total cost of inspection, including the national and locality pay raise for Federal employees, inflation, applicable overhead costs, and other inspection costs.

EFFECTIVE DATE: July 30, 2000.

SUPPLEMENTARY INFORMATION:

Background

The Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*) provides for the inspection of egg products by Federal inspectors at official plants. Federal inspection protects the health and welfare of consumers by ensuring that egg products are wholesome, not adulterated, and properly labeled and packaged.

The Agricultural Marketing Service (AMS) was responsible for

administering the EPIA from its enactment in 1970 until 1995. At that time, the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994 (Pub. L. 103-354; 7 U.S.C. 6981) delegated food safety responsibilities to the Under Secretary of Agriculture for Food Safety. The Department subsequently revised its regulations to transfer egg product inspection functions under the EPIA to FSIS. AMS retained only those functions related to their shell egg surveillance program. The regulations governing the inspection of eggs and egg products (9 CFR Part 590) were transferred to Part 9 of the Code of Federal Regulations on December 31, 1998 (63 FR 72352).

FSIS bears the cost of mandatory inspection. However, the EPIA specifies that plants pay for overtime and holiday inspection services (21 U.S.C. 1053). There has not been a change in overtime and holiday fees for egg products inspection services since the transfer of program functions from AMS to FSIS in May 1995. AMS established and implemented the current fees in November 1994. These fees reflect only the direct costs of inspection at that time and are insufficient to recover FSIS's current costs for delivery of inspection service.

In order to recover the full cost of inspection, FSIS is increasing its rates to charge overtime and holiday fees for egg products inspection services that are the same as overtime and holiday fees for meat and poultry inspection. The Agency is making the fees for meat, poultry, and egg inspection services the same because these services are indistinguishable from a cost standpoint. Although these fee increases are large, they reflect the total cost of inspection, including national and locality pay raises for Federal employees, inflation, applicable overhead costs, and other inspection costs. The current and new FSIS overtime and holiday inspection services fees for egg products plants are reported in Table 1.

TABLE 1.—CURRENT AND NEW FEES FOR OVERTIME AND HOLIDAY INSPECTION SERVICES FOR EGG PRODUCTS PLANTS

Service (\$/hr.)	Current	New
Overtime Inspection Services	26.16	39.76
Holiday Inspection Services	17.44	39.76

Table 2 shows salary, overhead, and other inspection costs for Fiscal Year

(FY) 1998, and the projected added inflation and Federal pay increases for FY 1999 and FY 2000 used to obtain the total amount from which the new rates are derived. These costs are the total costs for meat, poultry, and egg products inspection services. Overhead costs are the indirect costs for administration and management associated with providing inspection services. Other inspection costs include direct costs for travel and laboratory support costs associated with inspection services.

TABLE 2.—COMPONENTS OF FEE INCREASE—AGENCY TOTAL INSPECTION COSTS

Component	\$Thousand	Percent
Direct Salaries	57,242	56.86
Inflation and Pay Increase	7,951	7.90
Overhead	22,197	22.05
Other Inspection Costs (Travel and Laboratory Support)	13,282	13.19
Total	100,672	100

Beginning with the Federal fiscal year 2001, FSIS intends to annually review its fees for overtime and holiday egg products inspection services, as well as fees for meat and poultry inspection services, to allow for necessary adjustments on a fiscal year basis. The fiscal year approach is an accepted accounting principle that will facilitate more consistent and timely proposals to adjust both fees and assist the Agency and affected industry in planning for these fee adjustments. The Agency intends to explore the possibility of publishing a three to five year plan of fee rate adjustments based on estimates of cost escalation.

FSIS loses from \$80,000 to \$100,000 in revenue for every two-week period that the final rule is delayed in being published. To recover the increased costs in an expeditious manner, the Administrator has determined that these amendments should be effective less than 30 days after publication in the **Federal Register**. Therefore, the increases in fees will be effective July 30, 2000.

Proposed Rule and Comments

On March 3, 2000, FSIS published a proposed rule (65 FR 11486) to increase the fees that it charges egg products plants for providing overtime and holiday inspection services. FSIS initially provided 60 days for public comment, ending on May 2, 2000. In response to a request for more time to
